Pastoral Counseling for Orphans and Vulnerable Children Tuntufye Anangisye Mwenisongole, Elia Shabani Mligo, 2018-04-27 The existence of orphans is as inevitable to most African cities and the world as it is death. These orphans are caused by the death of one or both parents due to various reasons including the scourge of HIV and AIDS. Being orphans, most of them are vulnerable to difficult lives because they have nobody to fend for them and take care of their lives. They lack adequate food, living expenses, school fees, and care since their current guardians are also in adverse economic situations. In such situations, orphans end up living a life of hopelessness and trauma which makes them deeply remember their dead parents and the care they received from them before death. Following the vulnerable situation of most orphans, this book through a study done in the Tanzanian context challenges churches to extend their counseling and caring ministries to Orphans and Vulnerable Children (OVC). It purports that the use of narrative approach is the most effective way to enter into the world of vulnerable children in order to provide pastoral counseling to them. This approach helps pastoral counselors to use life stories, proverbs, biblical narratives, plays, arts, songs, riddles, poems, symbols, and images as healing and coping mechanisms for OVC. Therefore, this book is helpful not only to churches and their ministry to orphans and vulnerable children but also to those who care for orphans in their homes. Moreover, it will be helpful to children who live in adverse conditions worldwide to find ways to cope with their situations through the stories of children used inside this book.

Ethical and Legal Issues in Counseling Children and Adolescents Teri Ann Sartor, Bill McHenry, Jim McHenry, 2016-07-01 Ethical and Legal Issues in Counseling Children and Adolescents provides counselors and other professionals with clinical cases and accurate up-to-date information on both ethical standards and case law. Chapters take a comprehensive developmental approach to legal and ethical decision making when counseling children and adolescents, one that presents each chapter topic from the perspective of an adult and then explores accommodations important to children and adolescents. The book is a vital resource for faculty who recognize the limited scope with which other texts cover the topic and for practitioners looking to better understand the legal and ethical concerns around working with young people.
