Defensive Driving Manual Philippines:

1001 Ways to Drive Defensively Honesto Marcos, 2014-01-31 In spite of better engineered vehicles and roads traffic accidents are increasing Why Drivers are now better prepared and trained Accidents are also mostly preventable if only drivers learn defensive driving and accident avoidance techniques It teaches among other things to be helpful courteous and defensive regardless of who is at fault but who has the last clear chance to avoid the accident Its easy to learn and to execute Without knowledge of defensive driving and accident avoidance techniques that person is considered half a driver We cant continue the carnage in the roads its expensive and can result in losing health and or life In this book 1001 Ways to Drive Defensively for your safety and driving enjoyment the ideas are sometimes repeated because driving is a repetition of the same maneuvers for any trip made To help remember the procedures it is presented in different ways It is also not organized chronologically because when we are behind the wheel things dont happen in logical order the situations and circumstances do dictate The author has a bachelors degree in education He has been a North American driver for almost fifty years most of which were in Cold Alberta Canada where winter could last for six months You guessed it lots of traffic accidents Thus the knowledge of defensive driving was a must In Alberta he was a schoolteacher operated a driving school a driving instructor and driver examiner Author urges safety conscious individuals not to wait any longer get a copy of 1001 Ways to Drive Defensively It makes driving enjoyable less stressful and most of all youll experience safety whenever you are behind the wheel Dont forget youre protecting the most expensive thing that was created and no amount of money can replace it This book is suitable for all drivers However discretion is necessary you might save one or two accidents in what is left of your driving days We all have to pitch in and help make the roads safer No government can do it alone We must not forget that other drivers are our friends we havent met Why dont we help them and in the process help ourselves too In an accident regardless of who is at fault well still suffer the same consequences It takes only a second or two to help versus days or months recuperating Some drivers make this statement whatever I do if other drivers make a mistake what can I do Drivers that have this kind of reasoning forget that to be safe one does not only drive their vehicle follow traffic rules but help other driver if they make a mistake Apply defensive driving technique if one notices a condition that can develop into vehicle conflict This book will make a perfect gift for anybody for any occasion and they will be grateful and remember you for life
