

The **David Icke Guide** to the **Global Conspiracy** (and how to end it)

'Our society is run by insane people for insane objectives.
I think we're being run by maniacs for maniacal ends and
I think I'm liable to be put away as insane for expressing that.
That's what's insane about it'

David Icke Guide To The Global Conspiracy:

UFOs, Conspiracy Theories and the New Age David G. Robertson, 2016-02-25 How and why were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post Cold War period In this ground breaking book David G Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge and thus became part of a shared vocabulary Through historical and ethnographic case studies of three prominent figures novelist and abductee Whitley Strieber environmentalist and reptilian proponent David Icke and David Wilcock alleged reincarnation of Edgar Cayce the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive it was prevented from arriving by malevolent hidden others Yet millennial conspiracism constructs a counter elite a gnostic third party defined by their special knowledge An overview of the development of UFO subcultures from the perspective of religious studies UFOs Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion **The Skeptic's Guide to**

Conspiracies Monte Cook, 2009-09-18 Did the noble order of the Knights Templar guard a secret about Jesus birth Was the moon landing faked in a Hollywood movie studio Is the government keeping the remains of an alien spacecraft in the top secret Area 51 Monte Cook takes a look at conspiracy theories ranging from the historically complex to the seriously whacked out With a disbelieving eye he traces the history of some of the world s weirdest ideas and even includes a chart showing readers how to make up conspiracy theories for themselves Scattered through the book are the paranoid notes of an anonymous reader who claims to know what s really going on You can make up your own mind as to who s telling the truth

A Culture of Conspiracy Michael Barkun, 2013-08-15 It is well known that some Americans are obsessed with conspiracies Films best selling books and television shows talk about plots by the Illuminati or sightings of black helicopters But American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition leading expert Michael Barkun delves deeper into America s conspiracy subculture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama s American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture By looking closely at the manifestations of these ideas in a wide range of literature and source material Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture Book jacket **Conspiracy** Charlotte Greig, Mike Rothschild, 2020-10-09 Who killed JFK What happened to Malaysian Airways plane MH370 the flight that disappeared Who poisoned ex KGB man Alexander Litvinenko with

radioactive polonium How did the body of GCHQ codebreaker Gareth Williams end up in a sports bag What really happened to Jeffrey Epstein Featuring government cover ups secret societies unsolved mysteries and brazen experiments Conspiracy explores the range of conspiracy theories from the most outlandish to the most plausible and gets to the bottom of what really happened Whether discussing strange goings on at CERN or the meetings of the Bilderberg Group authors Charlotte Greig and Mike Rothschild examine the facts with a clear and critical eye and tell you what it is we really need to worry about

Modern Conspiracy Emma A. Jane, Chris Fleming, 2014-08-28 While conspiracy theory is often characterized in terms of the collapse of objectivity and Enlightenment reason Modern Conspiracy traces the important role of conspiracy in the formation of the modern world the scientific revolution social contract theory political sovereignty religious paranoia and mass communication media Rather than seeing the imminent death of Enlightenment reason and a regression to a new Dark Age in conspiratorial thinking Modern Conspiracy suggests that many characteristic features of conspiracies tap very deeply into the history of the Enlightenment its vociferous critique of established authorities and a conception of political sovereignty fuelled by fear of counter plots for example Perhaps ultimately conspiracy theory affords us a renewed opportunity to reflect on our very relationship to the truth itself

Spiritual Science Eric Dubay, 2012-07-12 For centuries the prevailing western worldview has been built upon the materialistic mechanical model of Isaac Newton a clockwork Universe composed of separate particles of matter interacting according to precise physical laws and existing within objective dimensions of space and time This model has long succeeded in describing many facets of our multi faceted reality but increasingly since the revelations of Einstein and the paradigm crushing implications of quantum physics Newton s world is quietly fading from view and being replaced by a more spiritual science Topics covered include Quantum Physics Consciousness The Holographic Universe Morphic Fields The Human Energy Body Psychoneuroimmunology Chi Chakras Meridians Acupuncture Auras Telepathy Psychokinesis Remote Viewing Precognition Out of Body Experiences Near Death Experiences Entheogens Death Ghosts Reincarnation God Tao Brahma Void Infinite Consciousness and Oneness
