The Perpetual Treadmill Dean Whittington, 2014-09-11 The Perpetual Treadmill is a care pathway devised to ensnare the poor within a never ending treatment system for their own good after they have been labelled with their designated malaise Once caught within it similar to Kafkas Trial and Castle they are wedged within its corridors where they are forever signposted between services This book draws on the analogies of knights and knaves by building on Bath of Steel to focus on how this system has been constructed and then maintained To depict its shortcomings it has been ranged against a psychologically informed perspective PSIP to show how those entrapped can eventually exit the perpetual treadmill But there are numerous vested interests which militate against those clients duly labelled from ever emotionally recovering The interplay between politicians bureaucrats academics practitioners and clients is explored to detail how the poor have become a raw material which feeds this machine This book is relevant to psychotherapists addiction specialists psychologists sociologists
