Canadian Welfare State Evolution And Transition:

The Canadian Welfare State: Evolution and Transition Jacqueline S. Ismael, 1987 No description **Child Poverty and the Canadian Welfare State** Shereen Ismael, 2006-11-15 In 2005 1 2 million children in Canada were living below the poverty level This represents a 20 percent increase since 1989 the year that the federal government unanimously passed a resolution to eliminate child poverty by 2000 To understand the state of children s welfare **Child Poverty and the Canadian Welfare State** reviews Canadian social policy reform and discovers that the welfare of poor children is a casualty of the war on the welfare state launched by opposing political ideologies This study surveys the shift from entitlement to charity from the perspective of social policy reform Perspectives on Social Services and Social Issues Jacqueline Ismael, Ray Thomlison, 1987-01-01 The selections in this volume are drawn from the proceedings of the Second Conference on Provincial Social Welfare Policy held at The University of Calgary May 1 3 1985 The conference sought to further national cross disciplinary research on provincial social welfare policies and programs from a comparative provincial perspective It was organized around four major themes The Canadian Welfare State Evolution and Transition Income Security and Job Creation Issues of Structure and Process and Selected Social Issues and Programs Perspectives on Social Services and Social Issues offers detailed studies of a range of contemporary issues Canadian Family Policies Maureen Baker, 1995-01-01 With poverty unemployment and one parent families on the rise in most Western democracies government assistance presents an increasingly urgent and complex problem This is the first study to explore Canada s family policies in an international context Maureen Baker looks at the successes and failures of social programs in other countries in search of solutions that might work in Canada Baker has chosen seven industrialized countries for her comparative study Australia France Germany The Netherlands Sweden the United Kingdom and the United States These countries experience social and economic strains similar to those felt in Canada and though they share certain policy solutions major differences in policy remain Baker considers which of the policies in these countries are most effective in reducing poverty enhancing family life and improving the status of women then applies her findings to the Canadian situation Bringing together research and statistics from the fields of demography political science economics sociology women s studies and social policy this rich multidisciplinary study provides a unique resource for anyone interested in Canadian family policy Canadian History: Confederation to the present Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **Cultures of Citizenship in Post-war Canada, 1940 - 1955** Nancy Christie, Michael Gauvreau, 2004-01-15 The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal groups By exploring

what were actually the mainstream ideologies and cultural practices of the period the authors argue that the postwar consensus was itself a precarious cultural ideal that was characterized by internal tensions and while containing elements of conservatism reflected considerable diversity in the way in which citizenship identities were defined Contributors include Denyse Baillargeon Universit de Montr al P E Bryden Mount Allison University Nancy Christie Michael Gauvreau Karine Hebert Carleton University Len Kuffert Carleton University and Peter S McInnis St Francis Xavier University

Changing Politics of Canadian Social Policy Michael J. Prince, James J. Rice, 2000-03-18 No one is content with the state of health and social programs in Canada today The Right thinks that there is too much government involvement and the Left thinks there is not enough In *Changing Politics of Canadian Social Policy* James Rice and Michael Prince track the history of the welfare state from its establishment in the 1940s through its development in the mid 1970s to the period of deficit crisis and restraint that followed in the late 1970s and 1980s Taking a historical perspective the authors grapple with the politics of social policy in the 1990s Globalization and the concomitant corporate mobility affect government s ability to regulate the distribution of wealth while the increasing diversity of the population puts increasingly complex demands on an already overstressed system Yet in the face of these constraints the system still endures and is far from irrelevant Some social programs have been dismantled but the government has organized and maintained others Greater democratization of welfare programs and social policy agencies could make the system thrive again *Changing Politics* provides the much needed groundwork for students and policy makers while also proposing real solutions for the future

The Global Politics of Poverty in Canada Will Langford, 2021-01-16 In the 1960s and 1970s in the midst of the Cold War and an international decolonization movement development advocates believed that poverty could be ended at home and abroad *The Global Politics of Poverty in Canada* explores the relationship between poverty democracy and development during this remarkable period Will Langford analyzes three Canadian development programs that unfolded on local regional and international scales He reveals the interconnections of anti poverty activism carried out by the Company of Young Canadians among M tis in northern Alberta and francophones in Montreal by the Cape Breton Development Corporation and by Canadian University Service Overseas in Tanzania In dialogue with the New Left liberal reformers committed to development programs they believed would empower the poor to confront their own poverty and thereby foster a more meaningful democracy However democracy and development proved to be fundamentally contested and development programs stopped short of amending capitalist social relations and the inequalities they engendered *The Global Politics of Poverty in Canada* explores how Canadians engaged in informal and formal politics in the course of their everyday lives locally and transnationally Langford provides an enduring record of otherwise fleeting anti poverty programs and their effects the lived activism and opinions of development workers and ordinary people
