Love Is a Mix Tape Rob Sheffield, 2007-01-02 The happiest, saddest, sweetest book about rock n' roll that I've ever experienced. Chuck Klosterman: Mix tapes. We all have our favorites. Stick one into a deck, press play, and you're instantly transported to another time in your life. For Rob Sheffield, that time was one of miraculous love and unbearable grief. A time that spanned seven years, it started when he met the girl of his dreams and ended when he watched her die in his arms. Using the listings of fifteen of his favorite mix tapes, Rob shows that the power of music to build a bridge between people is stronger than death. You'll read these words perhaps surprisingly with joy in your heart and a song in your head, the one that comes to mind when you think of the love of your life. Praise for *Love Is a Mixtape*: A memoir that manages no small feat to be funny and beautifully forlorn at the same time. *The New York Times Book Review*. Humorous, heartbreaking, and heroic. *Entertainment Weekly*. The finest lines ever written about rock n' roll. Like that song on the radio, every word of Rob's book is true. *Love Is a Mix Tape*. *Rolling Stone*. Many of us use pop culture as a mirror of our emotional lives, but Sheffield happily walks right through the looking glass. *Los Angeles Times*. Sheffield writes with such aching remembering you feel like you are invading his privacy, and it's the truth of those details that make this memoir so touching. *Newsweek*.

Crude Domination Andrea Behrends, Stephen Reyna, Günther Schlee, 2011-10-01 *Crude Domination* is an innovative and important book about a critical topic: oil. While there have been numerous works about petroleum from experience, far perspectives, there have been relatively few that have turned the experience near ethnographic gaze of anthropology on the topic. *Crude Domination* does just this among more peoples and more places than any other volume. Its chapters investigate nuances of culture, politics, and economics in Africa, Latin America, and Eurasia as they pertain to petroleum. They wrestle with the key questions vexing scholars and practitioners alike: problems of the economic blight of the resource curse, underdevelopment, democracy, violence, and war. Additionally, they address topics that may initially appear insignificant, such as child witches and lionmen fighting for oil when there is no oil, reindeer nomadism, community TV, but which turn out on closer scrutiny to be vital for explaining conflict and transformation in petro-states. Based upon these rich new worlds of information, the text formulates a novel domination approach to the social analysis of oil.
