Das Mädchen Manuela Roman Uniform:

Mädchen in Uniform Barbara Mennel, 2024-05-02 Leontine Sagan's *Mädchen in Uniform* 1931 is a groundbreaking German film that showcases women's agency and desire behind and in front of the camera. Adapted from Christa Winsloe's lesbian play, the story follows Manuela, an orphan in a boarding school for impoverished Prussian nobility. When she declares her love with her female teacher, the oppressive principal punishes her, leading to a desperate suicide attempt. Barbara Mennel's compelling study firmly establishes *Mädchen in Uniform* in the Weimar cinema canon. Mennel contextualises the film in 1920s theories of sexuality and the conventions of modernist cinema. She contrasts its international success to the extensive censorship battles that surrounded it. The film's unique transnational and fragmented history results from the exile of many of its makers during the Nazi regime. By attending to the many remakes throughout the 20th and 21st century, Mennel underscores the film's timeless impact that continues to resonate with contemporary audiences. A History of Women's Writing in Germany, Austria and Switzerland

Jo Catling, 2000-03-23 This volume makes the wide-ranging work of German women writers visible to a wider audience. It is the first work in English to provide a chronological introduction to and overview of women's writing in German-speaking countries from the Middle Ages to the present day. Extensive guides to further reading and a bibliographical guide to the work of more than 400 women writers form an integral part of the volume, which will be indispensable for students and scholars of German literature and all those interested in women's and gender studies. **Marlen Haushofer: Texte und Kontexte**

Andrea Capovilla, 2022-01-31 Marlen Haushofer ist eine der bedeutendsten österreichischen Autorinnen der Nachkriegsgeneration und mit einiger Verzögerung inzwischen als solche anerkannt. Ihrem Werk den fünf Romanen sowie einer Reihe von Erzählungen und Kinderbüchern widmen sich in diesem Buch zehn ausgewiesene Expertinnen und Experten die Haushofers Themen und Kontexte mit perspektivischer Vielfalt ausleuchten. Der Roman *Die Wand* hat seit seinem Erscheinen ein breites internationales Echo und mehrere Wiederentdeckungen erfahren. Als narratives Lockdown-Experiment ist er aktueller denn je. Auch das übrige Werk der Autorin ist ästhetisch bemerkenswert und rezeptionsgeschichtlich aufschlussreich. Zu Haushofers zentralen Themen zählen die Vertreibung aus dem prekären Paradies der Kindheit und das Fortwirken der nationalsozialistischen Vergangenheit. In formaler Hinsicht erweisen sich die perspektivische Beschränkung auf die Erlebniswelt ihrer Figuren und die Präsenz phantastischer und märchenhafter Elemente als Konstanten. **Different from the Others**

Cyd Sturgess, 2026-03-01 For much of Europe the interwar period was one of cultural expansion and diversion and increased visibility for lesbians. While historical research on Germany during the period immediately after the First World War has been extensively studied by historians through the lens of gender and sexuality with an implicit emphasis on the masculine dimension of queer female sexuality, the Dutch context has been virtually ignored. Through careful and sensitive studies of medico-social discourses, media representations and literary depictions of queer femininity, *Different from the Others* recovers the submerged history

of queer feminine women in both Germany and the Netherlands Cyd Sturgess provides a theoretical analysis that makes key empirical contributions to the history of Dutch gays and lesbians while reframing our collective understanding of queer femininity more broadly *Gender and German Cinema - Volume I* Sandra Frieden,1993-09-07 Volume I Gender and Representation in New German Cinema Volume II German Film History German History on Film International film has received some of its most original impulses from German film makers however the works by women directors in German speaking countries have been largely ignored in spite of the important social political and historical issues they have raised This is the first work to consider the broad spectrum of German cinema through the category of gender These volumes will be standard handbooks in film studies for many years to come *Gender and German Cinema: German film history* Sandra G.
