Derrida A Very Short Introduction

Diana Newall, Grant Pooke

Derrida A Very Short Introduction:

Derrida Simon Glendinning, 2011-08-25 Jacques Derrida the French philosopher developed his critical technique known as deconstruction His work is associated with ideas surrounding both post structuralism and post modern philosophy and he was known to have challenged some of the unquestioned assumptions of our philosophical tradition In this Very Short Introduction Simon Glendinning explores both the difficulty and significance of the work of Derrida He presents Derrida s challenging ideas as making a significant contribution to and providing a powerful reading of our philosophical heritage Defending Derrida against many of the charges that were placed against him he attempts to show why Derrida s work causes such extreme reactions Glendinning explains Derrida s distinctive mode of engagement with our philosophical tradition and shows that this is not a merely negative thing By exploring his most famous and influential texts Glendinning shows how and why Derrida s work of deconstruction is inspired not by a critical frenzy but by a loving respect for philosophy

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Art History: The Basics Diana Newall, Grant Pooke, 2021-03-28 Now in its second edition this volume is an accessible introduction to the history of art Using an international range of examples it provides the reader with a toolkit of concepts ideas and methods relevant to understanding art history This new edition is fully updated with colour illustrations increased coverage of non western art and extended discussions of contemporary art theory It introduces key ideas issues and debates exploring questions such as What is art and what is meant by art history What approaches and methodologies are used to interpret and evaluate art How have ideas regarding medium gender identity and difference informed representation What perspectives can psychoanalysis semiotics and social art histories bring to the study of the discipline How are the processes of postcolonialism decolonisation and globalisation changing approaches to art history Complete with helpful subject summaries a glossary suggestions for future reading and guidance on relevant image archives this book is an ideal starting point for anyone studying art history as well as general readers with an interest in the subject

Jacques Derrida's Cambridge Affair Niall Gildea, 2019-11-20 What is philosophy A question often asked but usually in an abstract or speculative way Rarely do we find a case of philosophy being determined in the real world However at Cambridge in 1992 this is exactly what happened as a debate took place over the merits or otherwise of awarding an Honorary Doctorate of Letters to the philosopher Jacques Derrida Derrida s

supporters argued that his deconstruction of Western traditions of thinking ushered in an important new manner of doing philosophy his detractors dismissed his work as charlatanism philistinism and non philosophy As arguments raged over the validity of introducing the canon of Continental philosophy to the Humanities in British Higher Education the so called Theory Wars Derrida's Cambridge Affair focalized this decisive conflict more than anything else This is the first study of the Cambridge Affair Drawing upon archival and unpublished material little known texts pertaining to the Affair and Derrida's own oeuvre this original account offers an historical and philosophical reconstruction of this crucial debate evaluating it against the body of work it put on trial

Literary Theory: The Basics Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today

Derrida's Voice and Phenomenon Vernon W Cisney, 2014-06-16 The essential toolkit for anyone reading this seminal Derrida text for the first time

Lovers of Philosophy Warren Ward, 2022-06-29 They were Europe's greatest thinkers but what were they like at love *Lovers of Philosophy* explores the love lives of seven philosophers and how their most intimate experiences came to shape their ideas In these pages the reader learns about the significance of Kant's infatuation Hegel's premarital liaisons Nietzsche's heartbreak Heidegger's hypocrisy Sartre's promiscuous polyamory Foucault's sexual liberation and Derrida's dalliances in extramarital desire The stories of these philosophers love lives are told against a backdrop of Europe undergoing tumultuous change Beginning in the eighteenth century Prussian Enlightenment the book traverses the French Revolution Napoleonic wars Industrial Revolution two World Wars and events of May 1968 before arriving at the culture wars of the late twentieth century For anyone who has struggled to understand continental philosophy's vast array of movements from German idealism through to phenomenology existentialism post structuralism and deconstructionism *Lovers of Philosophy* also provides the reader with an easy to follow overview of the progression of ideas from Kant to Derrida

Investigating the Language of Special Education M. Farrell, 2014-07-12 Utilising a wide range of theoretical traditions from philosophy sociology and anthropology this book aims to raise the reader's awareness of the power as well as the limitations of language in relation to special education

The Cosmopolitan Ideal Sybille De La Rosa, Darren O'Byrne, 2015-05-28 Cosmopolitanism has resurfaced as a prominent perspective within philosophy and the social sciences Its critics though suggest that contemporary cosmopolitanism is abstract and ultimately meaningless or that it is the globalized expression of a very European and modern ideal This book aims to develop a new cosmopolitanism one that is critical inclusive and relevant

for the twenty first century The first section considers why we should behave as cosmopolitans at all why do we owe some concept of justice to those who are suffering some form of injustice around the world The book then moves beyond normative debates using empirical studies on practical concerns to explore the ways in which we can break with traditional structures practices and power inequalities that have been based on disregard and subordination Extending the scope of cosmopolitanism to incorporate issues such as gender asylum and identity to draw on non Western as well as Western influences the book re conceptualizes terms like democracy refuge and representation in order to develop more inclusive and cosmopolitan understandings of them

Immerse yourself in heartwarming tales of love and emotion with is touching creation, **Derrida A Very Short Introduction** .
