## **Citizen Saints Shakespeare And Political Theology:**

**Citizen-Saints** Julia Reinhard Lupton, 2014-02-11 Turning to the potent idea of political theology to recover the strange mix of political and religious thinking during the Renaissance this bracing study reveals in the works of Shakespeare and his sources the figure of the citizen saint who represents at once divine messenger and civil servant both norm and exception Embodied by such diverse personages as Antigone Paul Barabbas Shylock Othello Caliban Isabella and Samson the citizen saint is a sacrificial figure a model of moral and aesthetic extremity who inspires new regimes of citizenship with his or her death and martyrdom Among the many questions Julia Reinhard Lupton attempts to answer under the rubric of the citizen saint are how did states of emergency acts of sovereign exception and Messianic anticipations lead to new forms of religious and political law What styles of universality were implied by the abject state of the pure creature at sea in a creation abandoned by its creator And how did circumcision operate as both a marker of ethnicity and a means of conversion and civic naturalization Written with clarity and grace *Citizen Saints* will be of enormous interest to students of English literature religion and early modern culture

**The English Modernist Novel as Political Theology** Charles Andrews, 2024-01-11 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE novels by Virginia Woolf D H Lawrence Evelyn Waugh and Sylvia Townsend Warner as political theology works that imagine a resistance to the fusion of Christianity and patriotism which fuelled and supported the First World War this book shows how we can gain valuable insights from their works for anti militarist anti statist and anti nationalist efforts today While none of the four novelists in this study were committed Christians during the 1920s Andrews explores how their fiction written in the wake of the First World War operates theologically when it challenges English civil religion the rituals of the nation that elevate the state to a form of divinity Bringing these novels into a dialogue with recent political theologies by theorists and theologians including Giorgio Agamben William Cavanaugh Simon Critchley Michel Foucault Stanley Hauerwas and Jürgen Moltmann this book shows the myriad ways that we can learn from the authors theopolitical imaginations Andrews demonstrates the many ways that these novelists issue a challenge to the problems with civil religion and the sacralized nation state and in so doing offer alternative visions to coordinate our inner lives with our public and collective actions

*Inheritance Law and Political Theology in Shakespeare and Milton* Joseph S. Jenkins, 2016-05-23 Reading God's will and a man's Last Will as ideas that reinforce one another this study shows the relevance of England's early modern crisis regarding faith in the will of God to current debates by legal academics on the theory of property and its succession The increasing power of the dead under law in the US the UK and beyond a concern of recent volumes in law and social sciences is here addressed through a distinctive approach based on law and humanities Vividly treating literary and biblical battles of will the book suggests approaches to legal constitution informed by these dramas and by English legal history This study investigates correlations between the will of God in Judeo Christian traditions and the Last Wills of humans especially dominant males in cultures where these traditions have

developed It is interdisciplinary in the sense that it engages with the limits of several fields it is informed by humanities critical theory especially Benjaminian historical materialism and Lacanian psychoanalysis but refrains from detailed theoretical considerations Dramatic narratives from the Bible Shakespeare and Milton are read as suggesting real possibilities for alternative inheritance i e constitutional regimes As Jenkins shows these texts propose ways to alleviate violence violence both personal and political through attention to inheritance law      **Race and Political Theology** Vincent Lloyd,2012-04-25 In this volume senior scholars come together to explore how Jewish and African American experiences can make us think differently about the nexus of religion and politics or political theology Some wrestle with historical figures such as William Shakespeare W E B Du Bois Nazi journalist Wilhelm Stapel and Austrian historian Otto Brunner Others ponder what political theology can contribute to contemporary politics particularly relating to Israel s complicated religious racial national identity and to the religious currents in African American politics Race and Political Theology opens novel avenues for research in intellectual history religious studies political theory and cultural studies showing how timely questions about religion and politics must be reframed when race is taken into account      **Political Theology & Early Modernity** Graham Hammill,Julia Reinhard Lupton,2024-05-31 Political theology is a distinctly modern problem one that takes shape in some of the most important theoretical writings of the twentieth and twenty first centuries But its origins stem from the early modern period in medieval iconographies of sacred kinship and the critique of traditional sovereignty mounted by Hobbes and Spinoza In this book Graham Hammill and Julia Reinhard Lupton assemble established and emerging scholars in early modern studies to examine the role played by sixteenth and seventeenth century literature and thought in modern conceptions of political theology Political Theology and Early Modernity explores texts by Shakespeare Machiavelli Milton and others that have served as points of departure for such thinkers as Schmitt Strauss Benjamin and Arendt Written from a spectrum of positions ranging from renewed defenses of secularism to attempts to reconceive the religious character of collective life and literary experience these essays probe moments of productive conflict disavowal and entanglement in politics and religion as they pass between early modern and modern scenes of thought This stimulating collection is the first to answer not only how Renaissance and baroque literature help explain the persistence of political theology in modernity and postmodernity but also how the reemergence of political theology as an intellectual and political problem deepens our understanding of the early modern period      **Thomas Middleton and the Plural Politics of Jacobean Drama** Mark Kaethler,2021-05-10 Thomas Middleton and the Plural Politics of Jacobean Drama represents the first sustained study of Middleton s dramatic works as responses to James I s governance Through examining Middleton s poesis in relation to the political theology of Jacobean London Kaethler explores early forms of free speech namely parrh sia and rhetorical devices such as irony and allegory to elucidate the ways in which Middleton s plural art exposes the limitations of the monarch s sovereign image By drawing upon earlier forms of dramatic intervention James s writings and popular literature that

blossomed during the Jacobean period including news pamphlets the book surveys a selection of Middleton's writings ranging from his first extant play *The Phoenix* 1604 to his scandalous finale *A Game at Chess* 1624 In the course of this investigation the author identifies that although Middleton's drama spurs political awareness and questions authority it nevertheless simultaneously promotes alternative structures of power which manifest as misogyny and white supremacy

*Shakespeare and Early Modern Religion* David Loewenstein, Michael Witmore, 2015-01-22 This volume freshly illuminates the diversity of early modern religious beliefs practices and issues and their representation in Shakespeare's plays

**Nation and Nurture in Seventeenth-Century English Literature** Rachel Trubowitz, 2012-05-31 *Nation and Nurture* in Seventeenth Century English Literature connects changing seventeenth century English views of maternal nurture to the rise of the modern nation especially between 1603 and 1675 Maternal nurture gains new prominence in the early modern cultural imagination at the precise moment when England undergoes a major paradigm shift from the traditional dynastic body politic organized by organic bonds to the post dynastic modern nation comprised of symbolic and affective relations The book also demonstrates that shifting early modern perspectives on Judeo Christian relations deeply inform the period's interlocking reassessments of maternal nurture and the nation especially in the case of Milton The book's five chapters analyze a wide range of reformed and traditional texts including A pitiless Mother William Gouge's *Of Domesticall Duties* Shakespeare's *Macbeth* Charles I's *Eikon Basilike* and Milton's *Paradise Lost* and *Samson Agonistes* Equal attention is paid to such early modern visual images as *The power of women* a late sixteenth century Dutch engraving William Marshall's engraved frontispiece to Richard Braithwaite's *The English Gentleman and Gentlewoman* 1641 and Peter Paul Rubens's painting of *Pero and Cimon or Roman Charity* 1630 The book argues that competing early modern figurations of the nurturing mother mediate in politically implicated ways between customary biblical models of English kingship and innovative Hebraic Puritan paradigms of Englishness

*Shakespeare's Political Imagination* Philip Goldfarb Styrt, 2021-11-04 *Shakespeare's Political Imagination* argues that to better understand Shakespeare's plays it is essential to look at the historicism of setting how the places and societies depicted in the plays were understood in the period when they were written This book offers us new readings of neglected critical moments in key plays such as Malcolm's final speech in *Macbeth* and the Duke's inaction in *The Merchant of Venice* by investigating early modern views about each setting and demonstrating how the plays navigate between those contemporary perspectives Divided into three parts this book explores Shakespeare's historicist use of medieval Britain and Scotland in *King John* and *Macbeth* ancient Rome in *Julius Caesar* and *Coriolanus* and Renaissance Europe through Venice and Vienna in *The Merchant of Venice* *Othello* and *Measure for Measure* Philip Goldfarb Styrt argues that settings are a powerful component in Shakespeare's worlds that not only function as physical locations but are a mechanism through which he communicates the political and social orders of the plays Reading the plays in light of these social and political contexts reveals Shakespeare's dramatic method how he used competing

cultural narratives about other cultures to situate the action of his plays These fresh insights encourage us to move away from overly localized or universalized readings of the plays and re discover hidden moments and meanings that have long been obscured

Affect Theory and Early Modern Texts Amanda Bailey, Mario DiGangi, 2017-03-22 The first book to put contemporary affect theory into conversation with early modern studies this volume demonstrates how questions of affect illuminate issues of cognition political agency historiography and scientific thought in early modern literature and culture Engaging various historical and theoretical perspectives the essays in this volume bring affect to bear on early modern representations of bodies passions and social relations by exploring the role of embodiment in political subjectivity and action the interactions of human and non human bodies within ecological systems and the social and physiological dynamics of theatrical experience Examining the complexly embodied experiences of leisure sympathy staged violence courtiership envy suicide and many other topics the contributors open up new ways of understanding how Renaissance writers thought about the capacities pleasures and vulnerabilities of the human body

Yeah, reviewing a books **Citizen Saints Shakespeare And Political Theology** could mount up your near connections listings. This is just one of the solutions for you to be successful. As understood, triumph does not suggest that you have fantastic points.

Comprehending as capably as treaty even more than other will provide each success. adjacent to, the notice as without difficulty as acuteness of this Citizen Saints Shakespeare And Political Theology can be taken as well as picked to act.
