

David Copperfield Minus

Richard J. Dunn

David Copperfield Minus:

David Copperfield Unbound Jeremy Parrott, 2025-03-31 David Copperfield was Dickens's most personal novel a first person narrative that reworked details of both the author's lived experience and his complex psychological profile The present study is a highly original exploration of the sources and motivations underpinning this canonical work treated here as a melting pot of ideas and a proto modernist masterpiece Jeremy Parrott casts himself as a literary detective tracking down clues hidden in the text following in Dickens's footsteps and laying bare a previously unsuspected symbolic scaffolding which ranges across Greek mythology English history Romantic poetry and the latest advances in science Following the example set by Betsey Trotwood every proper name in this enormously rich text is subjected to rigorous analysis laying bare the deepest currents of Dickens's mind and showing him to be an even greater artist than previously imagined From the search for an elephant in Great Yarmouth to the discovery of the mysterious reader whom Dickens loved in 1850 this engaging and readable study will radically alter what you thought you knew about the best loved Victorian novelist and his own favourite child

Shakespeare Survey Stanley Wells, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

Knowing Dickens Rosemarie Bodenheimer, 2012-11-09 In this compelling and accessible book Rosemarie Bodenheimer explores the thoughtworld of the Victorian novelist who was most deeply intrigued by nineteenth century ideas about the unconscious mind Dickens found many ways to dramatize in his characters both unconscious processes and acts of self projection notions that are sometimes applied to him as if he were an unwitting patient Bodenheimer explains how the novelist used such techniques to negotiate the ground between knowing and telling revealing and concealing She asks how well Dickens knew himself the extent to which he understood his own nature and the ways he projected himself in his fictions and how well we can know him Knowing Dickens is the first book to systematically explore Dickens's abundant correspondence in relation to his published writings Gathering evidence from letters journalistic essays stories and novels that bear on a major issue or pattern of response in Dickens's life and work Bodenheimer cuts across familiar storylines in Dickens biography and criticism in chapters that take up topics including self defensive language models of memory relations of identification and rivalry among men houses and household management and walking and writing

The Complete Idiot's Guide to Magic Tricks Tom Ogden, 1998-11-01 Presents step by step instructions for performing hundreds of tricks provides tips on establishing a stage presence and offers methods and styles of master magicians

David Copperfield Charles Dickens, 1998-09-15 As a child David is sent by his stepfather to work in a warehouse He finally runs away to his great aunt Betsy who gives him a genuine welcome

A Stepson of Fortune Henry Murray, 1909

Report of the Public Schools of the State of Missouri Missouri. Dept. of Education, 1907
