Design The Life You Love:

Design the Life You Love Ayse Birsal, 2015-10-13 An interactive journal that serves as a joyful inspirational guide to building the life you've always dreamed of using the principles and creative process of an award winning product designer. Life just like a design problem is full of constraints: time, money, age, location, and circumstances. You can't have everything, so you have to be creative to make what you want and what you need co-exist. *Design the Life You Love* is a joyful inspirational guide to building the life you've always wanted using the principles and creative process of an award winning product designer. Through four steps that reveal hidden skills and wisdom, anyone can design a life they love.

Design the Long Life You Love Ayse Birsal, 2022-12-06 Design a long life full of love, purpose, well-being, and friendship at any age using the creative tools of an award winning product designer, author, and world's #1 life coach Ayse Birsal. What does it mean to craft the life you want as you grow older? For industrial designer and author Ayse Birsal, the answer draws on key principles of design like optimism, empathy, collaboration, open-mindedness, and holistic thinking, as well as the experiences of older people on the pioneering frontiers of long life. Longer life is a thrilling modern opportunity, and like so many parts of life, it needs to be thoughtfully designed. Thinking about a long life is very exciting indeed. It's also a new phenomenon. Fifty years ago, living into one's seventies was considered the mark of a long life. Today, seventy feels young, eighty feels normal, and ninety is within reach. Birsal believes this new horizon of life is as important and exciting as the invention of moving pictures or that of automobiles, or even space travel. Her point is when a change this big happens, innovation follows. This book is for everyone who is interested in defining their long life using design thinking tools. It's an interactive book with exercises that will help you think creatively by asking you to visualize your life. It is full of insights learned from wise people who have lived the longest. It is organized into the four themes of Love, Purpose, Well-Being, and Friendship, and contains insights that will help you love better, find purpose, practice well-being, and make friends. Drawing on Birsal's year-long codesign research with older people, *Design the Long Life You Love* offers readers of all ages, from those in their twenties and thirties just starting out to those in mid-life looking for a change to those in later life who are the experts for us all, thought-provoking questions, exercises for self-exploration, and interviews with innovative entrepreneurs and thought leaders to guide them on their own journeys of crafting the next phase of life. Focusing on four key areas: Love, Purpose, Well-Being, and Friendship, this book

pairs life lessons from people who've lived the longest with design tools to help you plan your own long life whether you're looking ahead to retirement a home post children or starting a new project that makes you come alive Playfulness is key to creating a long life and readers will find that reflected in this joy filled book Whimsical two color drawings illustrated interviews with thought leaders and interactive exercises will put you in the mindset of a designer as you foster creativity and explore what your own long life can look like When it comes to our lives we are our own innovators so let's begin to learn how to do just that Welcome to Design the Long Life You Love
