Cairo Memoir Of A City Transformed:

Cairo Ahdaf Soueif, 2013-04-28 The story of the revolution and a personal journey into the city of Ahdaf Soueif's childhood

Cairo Ahdaf Soueif, 2014-01-07 From the best selling author of *The Map of Love* here is a bracing firsthand account of the Egyptian revolution told with the narrative instincts of a novelist the gritty insights of an activist and the long perspective of a native Cairene Since January 25 2011 when thousands of Egyptians gathered in Tahrir Square to demand the fall of Hosni Mubarak's regime Ahdaf Soueif author journalist and lifelong progressive has been among the revolutionaries who have shaken Egypt to its core In this deeply personal work Soueif summons her storytelling talents to trace the trajectory of her nation's ongoing transformation She writes of the passion confrontation and sacrifice that she witnessed in the historic first eighteen days of uprising the bravery of the youth who led the revolts and the jubilation in the streets at Mubarak's departure Later the cityscape was ablaze with political graffiti and street screenings and with the journalistic and organizational efforts of activists including Soueif and her family In the weeks and months after those crucial eighteen days we watch as Egyptians fight to preserve and advance their revolution even as the interim military government the Supreme Council of the Armed Forces throws up obstacles at each step She shows us the council delaying abdication of power undermining efforts toward democracy claiming ownership of the revolution while ignoring its martyrs We see elections held and an Islamist voted into power At each scene Soueif gives us her view from the ground brave intelligent startlingly immediate Against this stormy backdrop she interweaves memories of her own Cairo the balcony of her aunt's flat where as a child she would watch the open air cinema her first job as an actor on a children's sitcom her mother's family land outside the city filled with fruit trees and palm groves in sight of the pyramids In so doing she affirms the beauty and resilience of this ancient and remarkable city The book ends with a postscript that considers Egypt's more recent turns the shifts in government the ongoing confrontations between citizen and state and a nation's difficult but deeply inspiring path toward its great human aims bread freedom and social justice In these pages Soueif creates an illuminating snapshot of an event watched by the world the outcome of which continues to be felt across the globe

Literary Autobiography and Arab National Struggles Tahia Abdel Nasser, 2020-05-28 In memoirs Arab writers have invoked solitude in moments of deep public involvement Focusing on Taha Hussein Sonallah Ibrahim Assia Djebar Latifa al Zayyat Mahmoud Darwish Mourid Barghouti Edward Said Haifa Zangana and Radwa Ashour this book reads a range of autobiographical forms sources and affinities with other literatures Taking a comparative approach Nasser shows the local sources of contemporary Arab autobiography adaptations of a global genre and cultural exchange She also examines different aspects of the contemporary autobiography as it has evolved in the Arab world during the past half century focusing on the particularity of the genre written in different languages but pertaining to one overarching Arab culture Drawing on memoirs testimonies autobiographical novels poetic autobiography journals and diaries she examines solitude and national struggles in contemporary Arab autobiography

Post-Arab Spring Narratives Abida Younas, 2023-04-15 This book looks at eight post Arab Spring novels in the context of Gilles Deleuze's and Félix Guattari's theory of minor literature Ahdaf Soueif Hisham Matar Karim Alrawi Youssef Rakha Yasmine El Rashidi Omar Rober Hamilton Saleem Haddad and Nada Awar Jarrar all focus on the Arab world in their work on the lives of ordinary and minority peoples and on the revolutions of their respective nations This volume shows how these contemporary Anglo Arab novelists exhibit linguistic experimentation akin to Deleuze's and Guattari's theory of deterritorialization but in a way that is unique to Anglo Arab writing The selected novelists repudiate the use of metamorphosis which is usually an essential part of the deterritorialization of a major language Instead their writings enact the minor practice of linguistic deterritorialization by using metaphor and by incorporating contemporary modes of protest like popular slogans tweets and chants These authors challenge the conventions of minor literature and by adopting this mode of deterritorialization foreground the experiences of officially silenced voices *Online Activism in the Middle East* Jon Nordenson, 2017-03-17 Does the internet facilitate social and political change or even democratization in the Middle East Despite existing research on this subject there is still no consensus on the importance of social media and online platforms or on how we are to understand their influence This book provides empirical analysis of the day to day use of online platforms by activists in Egypt and Kuwait The research evaluates the importance of online platforms for effecting change and establishes a specific framework for doing so Egypt and Kuwait were chosen because since the mid 2000s they have been the most prominent Arab countries in terms of online and offline activism In the context of Kuwait Jon Nordenson examines the oppositional youth groups who fought for a constitutional democratic monarchy in the emirate In Egypt focus surrounds the groups and organizations working against sexual violence and sexual harassment *Online Activism in the Middle East* shows how and why online platforms are used by activists and identifies the crucial features of successful online campaigns Egypt and Kuwait are revealed to be authoritarian contexts but where the challenges and possibilities faced by activists are quite different The comparative nature of this research therefore exposes the context specific usage of online platforms separating this from the more general features of online activism Nordenson demonstrates the power of online activism to create an essential counterpublic that can challenge an authoritarian state and enable excluded groups to fight in ways that are far more difficult to suppress than a demonstration **We Are Your Soldiers** Alex Rowell, 2023-11-23 A gripping account Essential reading to understand the roots of the 2011 Arab Spring and the conflicts that have devastated so much of the region EUGENE ROGAN author of *The Arabs A History* _____ President Gamal Abdel Nasser who ruled Egypt for eighteen years from the coup d'état of 1952 is best known in the West for wresting the Suez Canal from the British and French empires He was a larger than life figure loved by his followers for his nationalist ideals and for heralding a period of social change and modernisation Yet there is a darker side to Nasser's regime *We Are Your Soldiers* examines Nasser's influence on the politics of seven countries Egypt Iraq Syria Lebanon Jordan Yemen and Libya

Rowell argues that Nasser played a crucial role in the formation of authoritarian regimes as varied as Bashar al Assad's Syria, Muammar al Gaddafi's Libya and Saddam Hussein's Iraq. His encounters with each country were often drenched in blood and destruction leaving deep scars that endure to the present. Crushing democracy at home while launching wars and slaying opponents abroad, Nasser ushered in the long political winter from which the region is still yet to emerge. Drawing on extensive interviews and material never before published in English, Alex Rowell presents a thrilling and eye-opening work of history that radically reexamines Middle Eastern politics.

In 400 blood-soaked pages, Rowell traces Nasser's toxic influence from one Arab capital to another, from plots in officers' club rooms via palace coups and well-equipped torture chambers. Rowell is an eloquent writer weaving the intrigue into the region's wider history. **TELEGRAPH** Sweeping, entertaining. **FINANCIAL TIMES** A rollicking and revelatory tour of today's Middle East, a masterful reassessment of history. **THANASSIS CAMBANIS** author of *Once Upon a Revolution: An Egyptian Story*. **Museums and Well-being** Rose Cull, Daniel Cull, 2022-10-07. **Museums and Well-being** outlines the historical development of well-being within museums and offers a critical engagement with this field from a museum studies perspective. The essential thesis of the book is that well-being is a collective action. The book utilises the Five Ways to Well-being as a model: Connect, Be Active, Keep Learning, Give, and Take Notice. Each of these Ways are explored through a specific museum object illustrating the important role collections can play in museum well-being. The book considers how museum well-being and the austerity project became entwined and how the COVID-19 pandemic supercharged growth in this field. The book explores such diverse topics as walking slow art, social capital, Virginia Woolf, body positivity, collective joy, identity, art therapy, yoga, Squid Game, Effective Altruism, mindfulness, gift exchange, the Preston model, the limits of data sketching, photography, inclusive spaces, and workplace well-being. The book signposts a vast array of existing information and offers a critical engagement with current practices. **Museums and Well-being** is aimed initially to students of museum studies programmes; it is also an ideal book for museum staff who need to add a well-being component to their existing programming or to reconsider existing programming from the perspective of well-being. **Modern Egypt** Bruce K. Rutherford, Jeannie Sowers, 2018-09-12. With almost every news broadcast we are reminded of the continuing instability of the Middle East where state collapse, civil wars, and terrorism have combined to produce a region in turmoil. If the Middle East is to achieve a more stable and prosperous future, Egypt, which possesses the region's largest population, a formidable military, and considerable soft power, must play a central role. **Modern Egypt: What Everyone Needs to Know** by Bruce Rutherford and Jeannie Sowers introduces readers to this influential country. The book begins with the 2011-2012 uprising that captured the world's attention before turning to an overview of modern Egyptian history. The book then focuses on present-day Egyptian politics, society, demography, culture, and religion. It analyzes Egypt's core problems, including deepening authoritarianism, high unemployment, widespread poverty, rapid population growth, and pollution. The book then concentrates on Egypt's relations with the United States, Israel, and Arab states.

and other world powers Modern Egypt concludes by assessing the country's ongoing challenges and suggesting strategies for addressing them Concise yet sweeping in coverage the book provides the essential background for understanding this fascinating country and its potential to shape the future of the Middle East Tragedy Since 9/11 Jennifer

Wallace, 2019-09-05 From the trauma of September 11th through the wars in Afghanistan and Iraq to the aftermath of the Arab Spring and the environmental warning signs of climate change this book reflects on the crises and terrifying events of the early 21st century and argues that a knowledge of tragedy from the works of Sophocles to Shakespeare to Samuel Beckett can help us understand them Jennifer Wallace offers a cultural analysis of the tragic events of the past two decades with reference to a litany of key dramatic texts including Aeschylus Oresteia Euripides Hecuba Iphigenia in Aulis Trojan Women and Bacchae Homer's Iliad Ibsen's Emperor and Galilean and Enemy of the People and Shakespeare's Julius Caesar Macbeth and King Lear among others **Narrating Postcolonial Arab Nations** Lindsey Moore, 2017-10-30

Narrating Postcolonial Arab Nations significantly enhances the interface between postcolonial literary studies and the hitherto understudied Arab world Lindsey Moore brings together canonical and less familiar Arab novels and memoirs from the last half century to consider colonial continuities and consequences Literary narratives are shown to oppose repressive versions of nationalism and to track desire lines toward more hospitable nations The literatures discussed in this book enable a deeper historical understanding of twenty first century Arab uprisings and their aftermaths The book analyzes four rich sites of literary production Egypt Algeria Lebanon and Palestine Moore explores ways in which authors critique particular nation state formations and decolonizing histories engage the general problematic of the nation and redefine repurpose and transcend national literary canons Chapter One contrasts Egyptian literary representations of popular revolt with official revolutionary discourse Chapter Two addresses the enduring legacy of anti colonial violence in Algeria and the place of Albert Camus in its literature Chapter Three uses narratives of gender violence on the Beirut front line to reveal the divisibility and intersectional identity politics of postcolonial nation states Chapter Four emphasizes ways in which Palestinian memoirs insist upon remembering towards a postcolonial future The book provides detailed analysis of literary narratives by Etel Adnan Rabih Alameddine Alaa al Aswany Rachid Boudjedra Albert Camus Rashid al Da f Assia Djebar Ghada Karmi Naguib Mahfouz Jean Said Makdisi Edward Said Boualem Sansal Raja Shehadeh Miral al Tahawy and Latifa al Zayyat It is an indispensable volume for students and scholars of Postcolonial Arab and World literatures
