### District Calendar

"If the district must close schools for a day or more due to hazardous weather, the school district will utilize weather day/s to provide for any lost instructional days. Given the placement of weather days on May 30, June 2 and 3, there is a possibility that the school year could extend past May 29". Should there be no need to use the Weather Days on May 30, June 2 and 3, teacher post-planning days would be moved up to begin on the first available non-instructional day during that week.
