## Contemporary Debates In Metaphysics:

**Contemporary Debates in Metaphysics** Theodore Sider, John Hawthorne, Dean W. Zimmerman, 2013-05-20 In a series of thought provoking and original essays eighteen leading philosophers engage in head to head debates of nine of the most cutting edge topics in contemporary metaphysics Explores the fundamental questions in contemporary metaphysics in a series of eighteen original essays 16 of which are newly commissioned for this volume Features an introductory essay by the editors on the nature of metaphysics to prepare the reader for ongoing discussions Offers readers the unique opportunity to observe leading philosophers engage in head to head debate on cutting edge metaphysical topics Provides valuable insights into the flourishing field of contemporary metaphysics *Metaphysics* Anna Marmodoro, Erasmus Mayr, 2019-03-25 This

volume introduces readers to a selected number of core issues in metaphysics that have been central in the history of philosophy and remain foundational to contemporary debates that is substances properties modality and essence causality determinism and free will Anna Marmodoro and Erasmus Mayr take a neo Aristotelian approach both in the selection and presentation of the topics But Marmodoro and Mayr's discussion is not narrowly partisan it consistently presents opposing sides of the debate and addresses issues from different philosophical traditions and encourages readers to draw their own conclusions about them *Metaphysics* combines a state of the art presentation of the issues that takes into account the most recent developments in the field with extensive references to the history of philosophy The book thus makes topics in contemporary analytical metaphysics easily accessible to readers who have no specific background in contemporary philosophy but rather in the history of philosophy At the same time it will engage readers who do not have any historical background with some key developments within the history of the subject *Problems in Epistemology and Metaphysics*

Steven B. Cowan, 2020-02-06 *Problems in Epistemology and Metaphysics* takes a pro and con approach to two central philosophical topics Each chapter begins with a question Can We Have Knowledge How are Beliefs Justified What is the mind Contemporary philosophers with opposing viewpoints are then paired together to argue their position and raise problems with conflicting standpoints Alongside an up to date introduction to a core philosophical stance each contributor provides a critical response to their opponent and clear explanation of their view Discussion questions are included at the end of each chapter to guide further discussion With chapters covering core questions surrounding religious beliefs scientific knowledge truth being and reality this is a comprehensive introduction to debates lying at the heart of what we know how we know it and the nature of the world we live in ***Problems in Epistemology and Metaphysics*** Steven B. Cowan, *Problems in*

*Epistemology and Metaphysics* takes a pro and con approach to two central philosophical topics Each chapter begins with a question Can We Have Knowledge How are Beliefs Justified What is the mind Contemporary philosophers with opposing viewpoints are then paired together to argue their position and raise problems with conflicting standpoints Alongside an up to date introduction to a core philosophical stance each contributor provides a critical response to their opponent and clear

McLaughlin,Jonathan Cohen,2023-01-31 A timely collection of debates concerning the major themes and topics in philosophy of mind fully updated with new topics covering the latest developments in the field Contemporary Debates in Philosophy of Mind provides a lively and engaging introduction to the conceptual background ongoing debates and contentious issues in the field today Original essays by more than 30 of the discipline s most influential thinkers offer opposing perspectives on a series of contested questions regarding mental content physicalism the place of consciousness in the physical world and the nature of perception and mental capacities Written to appeal to non specialists and professional philosophers alike the second edition of Contemporary Debates in Philosophy of Mind features five entirely new debates on the relation between perception and cognition whether pain is a natural kind whether perception is best understood through representational content or direct contact with the world whether we need imagination that goes beyond imagery and supposition and whether perceptual contents are general particular or a hybrid Presents 15 sets of specially commissioned essays with opposing viewpoints on central topics in philosophy of mind Offers head to head debates on central topics such as consciousness intentionality normativity mental causation materialism and perception Provides a dynamic view of contemporary thinking about fundamental and controversial issues Includes a thorough introduction providing a comprehensive background to the issues explored in each debate Part of Wiley Blackwell s acclaimed Contemporary Debates in Philosophy series Contemporary Debates in Philosophy of Mind Second Edition is essential reading for undergraduate and graduate students academics professional philosophers and sophisticated general readers with an interest in the subject *The Philosophy of Free Will* Paul Russell,Oisin Deery,2013-04-04 This collection provides a selection of the most essential contributions to the contemporary free will debate Among the issues discussed and debated are skepticism and naturalism alternate possibilities the consequence argument libertarian metaphysics illusionism and revisionism optimism and pessimism neuroscience and free will and experimental philosophy **Debates in the Metaphysics of Time** L. Nathan Oaklander,2014-09-25 A core topic in metaphysics time is also central to issues in the philosophy of science the philosophy of mind and the philosophy of religion Debates in the Metaphysics of Time explores these close philosophical connections and tackles the contemporary debates using an interactive approach Contributors put forward their views before commenting on the ideas of other contributors and defending against objections Divided into metaphysics and time consciousness and time and God time and human freedom chapters are organized around key questions including How are we to understand the passage of time or the change an event seems to undergo when it moves from the future to the present and then recedes into the more and more distant past Can we only be directly aware of what is

momentary if we directly experience change and duration How is God related to time and is divine foreknowledge and human freedom compatible For students and researchers looking to understand the latest arguments in the philosophy of time Debates in the Metaphysics of Time provides an original up to date and accessible account of past present and future debates

**Metaphysics** Jonathan Tallant, 2017-09-21 If the sentence my cat is on the mat is true how does it get to be true Sentences are made true by what exists But what about claims such as There were dinosaurs and 2 2 4 How do they get to be true Metaphysics An Introduction uses the idea of truth and the quest for truth makers to unravel philosophical problems in contemporary metaphysics From the nature of properties and time to causation and objects truth becomes a guiding theme to understanding metaphysical concepts and debates In response to feedback from students and instructors the Second Edition has been updated with new material in a range of chapters including discussions of recent research concerning the nature of physical objects time and modality Recommended readings have been revised to ensure an improved gender balance while explanations and ideas are easier to follow Together with a glossary and discussion questions each chapter concludes with a series of mind maps to help visualise the logical space being explored and how the arguments push in different directions Metaphysics An Introduction is suitable for anyone studying metaphysical problems for the first time

*Neo-Aristotelian Perspectives in Metaphysics* Daniel D. Novotný, Lukáš Novák, 2014-04-16 This volume re examines some of the major themes at the intersection of traditional and contemporary metaphysics The book uses as a point of departure Francisco Suarez's Metaphysical Disputations published in 1597 Minimalist metaphysics in empiricist pragmatist clothing have today become mainstream in analytic philosophy Independently of this development the progress of scholarship in ancient and medieval philosophy makes clear that traditional forms of metaphysics have affinities with some of the streams in contemporary analytic metaphysics The book brings together leading contemporary metaphysicians to investigate the viability of a neo Aristotelian metaphysics *The Routledge Handbook of Metametaphysics* Ricki Bliss, J.T.M.

Miller, 2020-07-14 Philosophical questions regarding the nature and methodology of philosophical inquiry have garnered much attention in recent years Perhaps nowhere are these discussions more developed than in relation to the field of metaphysics The Routledge Handbook of Metametaphysics is an outstanding reference source to this growing subject It comprises thirty eight chapters written by leading international contributors and is arranged around five themes The history of metametaphysics Neo Quineanism and its objectors Alternative conceptions of metaphysics The epistemology of metaphysics Science and metaphysics Essential reading for students and researchers in metaphysics philosophical methodology and ontology The Routledge Handbook of Metametaphysics will also be of interest to those in closely related subjects such as philosophy of language logic and philosophy of science
