CHRISTOPHER WELNA

Democratic Accountability In Latin America Oxford Studies In Democratization

Françoise Montambeault

Democratic Accountability In Latin America Oxford Studies In Democratization:

Democratic Accountability in Latin America Scott Mainwaring, 2005 This volume on democratic accountability addresses one of the burning issues on the agenda of policy makers and citizens in contemporary Latin America how democratic leaders in Latin America can improve accountability while simultaneously promoting governmental effectiveness

The Third Wave of Democratization in Latin America Frances Hagopian, Scott P. Mainwaring, 2005-06-06 The late twentieth century witnessed the birth of an impressive number of new democracies in Latin America This wave of democratization since 1978 has been by far the broadest and most durable in the history of Latin America but many of the resulting democratic regimes also suffer from profound deficiencies What caused democratic regimes to emerge and survive What are their main achievements and shortcomings This volume offers an ambitious and comprehensive overview of the unprecedented advances as well as the setbacks in the post 1978 wave of democratization It seeks to explain the sea change from a region dominated by authoritarian regimes to one in which openly authoritarian regimes are the rare exception and it analyzes why some countries have achieved striking gains in democratization while others have experienced erosions The book presents general theoretical arguments about what causes and sustains democracy and analyses of nine compelling country cases

Legislative Institutions and Lawmaking in Latin America Eduardo Alemán, George Tsebelis, 2016-05-27 In this volume twelve experts on Latin American politics investigate the ways in which the interaction between legislative institutions and the policy positions of key actors affects the initiation and passage of legislation covering seven Latin American Countries Argentina Brazil Chile Colombia Mexico Peru and Uruguay These seven presidential systems vary widely in terms of their legislative institutions and the position of relevant actors The introduction provides a framework to understand the interaction of legislative majorities political institutions and policy position and each chapter begins with a description of the constitutional and congressional rules that allocate powers to propose amend and veto legislation The authors then identify the political actors who have these prerogatives and apply the framework to show how their policy positions and relative strengths influence legislative decision making The findings are consistent with the basic argument of the book that presidents with extensive legislative powers may be constrained by the positions of their legislative allies whereas weaker presidents may be well positioned to build successful coalitions to achieve their legislative goals The essays in this volume demonstrate that institutional design which determines the allocation of legislative powers must be considered along with the policy preferences of key legislative actors in order to construct a full picture of law making Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of

Oxford *Regimes and Democracy in Latin America* Gerardo Luis Munck, 2007 This volume focuses on democracy in Latin America and assesses the state of current knowledge on the topic and identifies new research frontiers in the study of Latin American politics It provides an overview of research agendas and strategies used in the literature over the past four decades It tackles a series of central questions What is democracy Is democracy an absolute value Are current conceptualizations of democracy adequate How and why does democracy work or fail in Latin America and spells out the implications of answers to these questions for current research agendas It distinguishes between qualitative and quantitative approaches to the conceptualization and measurement of democracy and presents a dataset on political regimes and democracy that illustrates how the differences between these two standard approaches might be overcome Finally it evaluates the strengths and weaknesses of conventional methods used to generate and test explanations of the causes and consequences of democracy and proposes alternative ways to advance ongoing substantive debates given the current state of theory and data The contributors are scholars from the United States and Latin America who are experts on Latin America and who have established reputations as theorists and methodologists The volume will be of interest to readers seeking to understand debates about democracy in developing societies and to grasp the concepts theories and methods that are currently being developed to study Latin American politics Twenty Years of Studying Democratization Aurel

Croissant, Jeffrey Haynes, 2018-10-24 Democratization emerged at a time of epochal change in global politics the twin impacts of the end of the Soviet Union and the speeding up and deepening of globalisation in the early 1990s meant a whole new ball game in terms of global political developments The journal's first issue appeared in early 1994 Over time the editorial position has been consistently to focus on the third wave of democracy and its aftermath The third wave is the most recent exemplar of a long term historical trend towards more democratically viable regimes and away from authoritarian systems and leaders In short the journal wants to promote a better understanding of democratization defined as the way democratic norms institutions and practices evolve and are disseminated both within and across national and cultural boundaries Over the years the many excellent articles that we have featured in the journal have shared our focus on democratization viewed as a process The journal has sought and continues to seek to build on the enduring scholarly and of course popular interest in democracy how and why it emerges develops and becomes consolidated Our emphasis over the last 20 years has been contemporary and the approach comparative with a strong desire to be both topical and authoritative We include special reference to democratization in the developing world and in post communist societies In sum just as 20 years ago the journal today aims to encourage debate on the many aspects of democratization that are of interest to policy makers administrators and journalists aid and development personnel those involved in education and perhaps above all the tens of millions of ordinary people around the world who do not yet enjoy the benefits of living under democratic rule The two dozen articles collected in this virtual special issue are emphatic proof of the power of the written word to induce debate uncertainty and

ultimately progress towards better forms of politics focused on the achievement of the democratic aspirations of men and women everywhere *The Politics of Local Participatory Democracy in Latin America* Françoise Montambeault, 2015-10-14

Participatory democracy innovations aimed at bringing citizens back into local governance processes are now at the core of the international democratic development agenda. Municipalities around the world have adopted local participatory mechanisms of various types in the last two decades including participatory budgeting the flagship Brazilian program and participatory planning as it is the case in several Mexican municipalities. Yet institutionalized participatory mechanisms have had mixed results in practice at the municipal level. So why and how does success vary? This book sets out to answer that question. Defining democratic success as a transformation of state-society relationships, the author goes beyond the clientelism-democracy dichotomy and reveals that four types of state-society relationships can be observed in practice: clientelism, disempowering co-optation, fragmented inclusion, and democratic cooperation. Using this typology and drawing on the comparative case study of four cities in Mexico and Brazil, the book demonstrates that the level of democratic success is best explained by an approach that accounts for institutional design, structural conditions of mobilization, and the configurations of strategies, behaviors, and perceptions of both state and societal actors. Thus, institutional change alone does not guarantee democratic success; the way these institutional changes are enacted by both political and social actors is even more important, as it conditions the potential for an autonomous civil society to emerge and actively engage with the local state in the social construction of an inclusive citizenship.

Federalism and Democracy in Latin America Edward L. Gibson, 2004-03-31

We live in an increasingly federalized world. This fact has generated interest in how federal institutions shape politics, policy making, and the quality of life of those living in federal systems. In this book, Edward L. Gibson brings together a group of scholars to examine the Latin American experience with federalism and to advance our theoretical understanding of politics in federal systems: questions of how and when federal institutions matter for politics, policy making, and democratic practice. They also offer conceptual approaches for studying federal systems, their origins, and their internal dynamics. The book provides case studies on the four existing federal systems in Latin America: Argentina, Brazil, Mexico, and Venezuela, and their experiences in dealing with a variety of issues including federal system formation, democratization, electoral representation, and economic reform.

The DNA of Constitutional Justice in Latin America Daniel M. Brinks, Abby Blass, 2018-04-19

In recent times, there has been a dramatic change in the nature and scope of constitutional justice systems in the global south. New or reformed constitutions have proliferated, protecting social, economic, and political rights. While constitutional courts in Latin America have traditionally been used as ways to limit power and preserve the status quo, the evidence shows that they are evolving into a functioning part of contemporary politics and a central component of a system of constitutional justice. This book lays bare the political roots of this transformation, outlining a new way to understand judicial design and the very purpose of constitutional justice. Authors Daniel M. Brinks and Abby Blass use

case studies drawn from nineteen Latin American countries over forty years to reveal the ideas behind the new systems of constitutional justice They show how constitutional designers entrust their hopes and fears to dynamic governance systems in hopes of directing the development of constitutional meaning over time

Coalitional Presidentialism in Comparative Perspective Paul Chaisty, Nic Cheeseman, Timothy J. Power, 2018-02-23 This book provides the first cross regional study of an increasingly important form of politics coalitional presidentialism Drawing on original research of minority presidents in the democratising and hybrid regimes of Armenia Benin Brazil Chile Ecuador Kenya Malawi Russia and Ukraine it seeks to understand how presidents who lack single party legislative majorities build and manage cross party support in legislative assemblies It develops a framework for analysing this phenomenon and blends data from MP surveys detailed case studies and wider legislative and political contexts to analyse systematically the tools that presidents deploy to manage their coalitions The authors focus on five key legislative cabinet partisan budget and informal exchange of favours tools that are utilised by minority presidents They contend that these constitute the toolbox for coalition management and argue that minority presidents will act with imperfect or incomplete information to deploy tools that provide the highest return of political support with the lowest expenditure of political capital In developing this analysis the book assembles a set of concepts definitions indicators analytical frameworks and propositions that establish the main parameters of coalitional presidentialism In this way Coalitional Presidentialism in Comparative Perspective provides crucial insights into this mode of governance Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford

Christian Democracy in Latin America Scott Mainwaring, 2003 Christian Democracy swept across parts of Latin America gaining influence in Venezuela in the 1940s Chile in the 1950s El Salvador and Guatemala in the 1960s and Costa Rica and Mexico in the 1980s This book offers an overview of Christian Democracy in the region underscoring its remarkable diversity and examines the Christian Democratic organizations of Chile and Mexico which are still major parties today The concluding section analyzes the demise of formerly significant Christian Democratic parties in El Salvador Guatemala Peru and Venezuela Christian Democracy in Latin America provides the definitive study of the nature rise and decline of Christian Democracy in Latin America The book enriches the broader theoretical literature on political parties by highlighting the distinctive strategic dilemmas parties face and the distinctive objectives they pursue in contexts of fragile democracy or of authoritarian regimes

Democratic Accountability In Latin America Oxford Studies In Democratization Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be evident than ever. They have the capacity to inspire, provoke, and ignite change. Democratic Accountability In Latin America Oxford Studies In Democratization Introduction

In today's digital age, the availability of Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Democratic Accountability In Latin America Oxford Studies In Democratization versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or

referencing. When it comes to accessing Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Democratic Accountability In Latin America Oxford Studies In Democratization books and manuals for download and embark on your journey of knowledge?

FAQs About Democratic Accountability In Latin America Oxford Studies In Democratization Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital

eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Democratic Accountability In Latin America Oxford Studies In Democratization is one of the best book in our library for free trial. We provide copy of Democratic Accountability In Latin America Oxford Studies In Democratization in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Democratic Accountability In Latin America Oxford Studies In Democratization. Where to download Democratic Accountability In Latin America Oxford Studies In Democratization online for free? Are you looking for Democratic Accountability In Latin America Oxford Studies In Democratization PDF? This is definitely going to save you time and cash in something you should think about.
