Choice College Boy Classic Reprint:

The Choice of a College, for a Boy (Classic Reprint) Charles Franklin Thwing, 2015-07-12 Excerpt from The Choice of a College for a Boy Parents too often choose a college for a son without special thought or knowledge To many people a college is a college as a spade is a spade But the slightest reflection or the most superficial knowledge is sufficient to produce the conviction that colleges differ as fundamentally as any other products of human skill Certain institutions that bear the name of college advance the student to no higher stage of learning or culture than other colleges require for admission to their freshman class It is also evident that too many parents do not select a college with special reference to the conditions or the needs of the son who is going to college It is often thought that a college good for one boy must be good for all boys The truth is not that the college which is one boy s meat is another boy s poison but the truth is that a college good for one boy may be something less than good or even something more than good for another boy Before beginning the discussion of the elements that should constitute the choice of a college it is not unfitting for me to say it is always to be understood that to the parent selecting a college for a child the college is a tool and not a product It is an agent and not a result About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
