## **Critical Care Drug Concentration Reference Guide:**

**Critical Care Nephrology E-Book** Claudio Ronco,Rinaldo Bellomo,John A. Kellum,2008-12-30 Because of the increase in serious kidney diseases including end stage renal disease your role as a nephrologist intensivist surgeon or critical care physician is quickly expanding Well received in its 1st edition this 2nd edition continues to provide comprehensive coverage of the latest advances in critical care procedures for the adult or pediatric patient with renal diseases or disorders Presents a common language and standardized guidelines to help multi disciplinary physicians caring for the critically ill communicate more effectively A new US editor detailed discussions of different forms of organ support artificial organs infections acute illness occurring in chronic hemodialysis patients and much more make this book an exceptional resource for anyone who treats critically ill renal patients Presents a multi disciplinary and international approach to critical renal care for a thorough and integrated presentation of how to care for critically ill patients with renal disease or complications Addresses the full range of renal problems from epidemiology to monitoring and diagnostic procedures to pathophysiology of organ systems in relation to kidney failure Provides details on different forms of organ support including liver lung and cardiac therapy Defines common guidelines in nephrology and critical care medicine for better communication among clinicians Places a special emphasis on therapeutic interventions and treatment procedures for a hands on clinical reference tool Features a new US editor Dr John Kellum who incorporates his expertise in critical care medicine to the 2nd edition and extends the breadth of coverage with a North American perspective Discusses new techniques in the field providing you with a comprehensive review of the experimental and clinical work being done Features shorter more focused chapters to help you access key facts quicker

**Textbook of Critical Care E-Book** Jean-Louis Vincent,Edward Abraham,Patrick Kochanek,Frederick A. Moore,Mitchell P. Fink,2011-05-12 Textbook of Critical Care by Drs Jean Louis Vincent Edward Abraham Frederick A Moore Patrick Kochanek and Mitchell P Fink remains your best source on effective management of critically ill patients This trusted reference acclaimed for its success in bridging the gap between medical and surgical critical care now features an even stronger focus on patient outcomes equipping you with the proven evidence based guidance you need to successfully overcome a full range of practice challenges Inside you ll find totally updated coverage of vital topics such as coagulation and apoptosis in certain critical care illnesses such as acute lung injury and adult respiratory distress syndrome sepsis and other serious infectious diseases specific organ dysfunction and failure and many other vital topics At [www.expertconsult.com](http://www.expertconsult.com) you can access the complete contents of the book online rapidly searchable with regular updates plus new videos that demonstrate how to perform key critical care procedures The result is an even more indispensable reference for every ICU Access the complete contents of the book online at [www.expertconsult.com](http://www.expertconsult.com) rapidly searchable and stay current for years to come with regular online updates Practice with confidence by consulting with a who s who of global experts on every facet of critical care medicine Implement today s most promising evidence based care

strategies with an enhanced focus on patient outcomes Effectively apply the latest techniques and approaches with totally updated coverage of the importance of coagulation and apoptosis in certain critical care illnesses such as acute lung injury and adult respiratory distress syndrome sepsis and other serious infectious diseases specific organ dysfunction and failure and many other vital topics See how to perform key critical care procedures by watching a wealth of new videos online Focus on the practical guidance you need with the aid of a new more templated format in which basic science content has been integrated within clinical chapters and all procedural content has been streamlined for online presentation and paired with videos

**Critical Care Medicine E-Book** Joseph E. Parrillo, R.
