The War on Critical Race Theory David Theo Goldberg, 2023-04-03 Critical Race Theory is consuming conservative America The mounting attacks on a once obscure legal theory are upending public schooling legislating censorship driving elections and cleaving communities In this much needed response renowned scholar David Theo Goldberg cuts to the heart of the claims expressed in these attacks He punctures the demonization of Critical Race Theory uncovering who is orchestrating it funding the assault and eagerly distributing the message The book richly illustrates the enduring nature of structural racism even as a conservative insistence on colorblindness serves to silence the possibility of doing anything about it Crucially Goldberg exposes the political aims and effects of the vitriolic attacks The upshot of CRT's targeting he argues has been to unleash racisms anew and to stymie any attempt to fight them all with the aim of protecting white minority rule Also available as an audiobook
