Andrew Plant, Merrill Mushroom, Suzanne Lea, Susan Benton, Stephanie Woolley-Larrea, James Villanueva, Vickie Spray, Ed Madden, Louie Crew, 2015-08-21 *Crooked Letter i* offers a collection of first person nonfiction narratives that reflect the distinct coming out experiences of a complex cross section of gay lesbian and transgendered Southerners from all walks of life and at different stages in their lives The experiences represented here pivot around a central theme finally finding language to understand one s identity and then discovering we were never the only ones Revealing a vibrant cross section of Southerners the writers of these narratives have in common the experience of being Southern and different but determined against all odds

Crooked Letter i Connie Griffin, 2016-03-01 *Crooked Letter i* offers a collection of first person nonfiction narratives that reflect the distinct coming out experiences of a complex cross section of gay lesbian and transgendered Southerners from all walks of life and at different stages in their lives There is the Appalachian widower who following the death of his wife decides it s time to tell his church community There is the young man who left his hometown as a girl returning hesitant but hopeful for his grandmother s love There is the adolescent girl who refuses to surrender her soul to Jesus because she is not yet certain of her own beliefs There is the well mannered Southern gentleman who hopes his blueberries and biscuits will help ease the awkwardness of coming out to his elderly neighbor There are the ones who survived the frequent bar raids arrests and beatings But there is also the first kiss and the first love The experiences represented here pivot around a central theme finally finding language to understand one s identity and then discovering we were never the only ones Revealing a vibrant cross section of Southerners the writers of these narratives have in common the experience of being Southern and different but determined against all odds

Sisterly Networks Catherine Clinton, 2020-10-06 Tracing the development of the field of southern women s history over the past half century *Sisterly Networks* shows how pioneering feminists laid the foundation for a strong community of sister scholars and delves into the work of an organization central to this movement the Southern Association for Women Historians SAWH Launched in 1970 the SAWH provided programming mentoring fundraising and outreach efforts to support women historians working to challenge the academic establishment In this book leading scholars reflect on their own careers in southern history and their experiences as women historians amid this pathbreaking expansion and revitalization of the field Their stories demonstrate how women created new archival collections expanded historical categories to include gender and sexuality reimaged the roles and significance of historical women wrote pioneering monographs and mentored future generations of African American women and other minorities who entered the academy and contributed to public discourse Providing a lively roundtable discussion of the state of the field contributors comment on present and future work environments and current challenges in higher education and academic publishing They offer profound and provocative insights on the ways scholars

can change the future through radically rewriting the gender biases of recorded history Contributors Catherine Clinton Michele Gillespie Glenda E Gilmore Cherisse Jones Branch Melissa Walker A volume in the series Frontiers of the American South edited by William A Link **The Dirty South** ,2023-11-15 The Dirty South examines the shifting significances of the South as a constructed fantasized region in the American psyche particularly its frequent association with tropes of dirt that emphasize soil garbage trash grit litter mud swamp water slime and pollution Beginning with iconic works from the 1970s such as Deliverance and The Texas Chainsaw Massacre James A Crank traces the image of a dirty South into the twenty first century to explore the social political and psychological effects of the region s hold on the imaginations of southerners and nonsoutherners alike With a focus on media forms through which southern identity gets articulated and questioned including horror movies Swamp Thing comics and popular music by artists such as Waylon Jennings and OutKast The Dirty South probes the sustained fascination with southern dirtiness while reflecting on its causes and consequences since the end of the civil rights era Highlighting the period from 1970 to 2020 during which the South began to represent several new possible identities for the nation as a whole and for the area itself Crank considers the ways that southerners have used depictions of dirt to create and police boundaries and to contest those boundaries Each chapter pairs prominent literary or cultural texts from the 1970s with more contemporary works such as Jordan Peele s film Get Out which recycle similar investments or critically challenge the inherent whiteness of the earlier images By historicizing fantasies of the region and connecting them to the first decades of the twenty first century The Dirty South reveals that notions about southern dirtiness proliferate not because they lend authenticity or relevancy to the U S South but because they aid so conspicuously in the zombified work of tethering investors real and imagined to a graveyard of ideas **Taking the Fight South** Howard Ball,2021-02-01 In this entertaining and informative memoir a Jewish civil rights activist recounts living in Mississippi and fighting for racial equity Howard Winant co author of Racial Formation in the United States In Taking the Fight South distinguished historian and civil rights activist Howard Ball focuses on six years from 1976 to 1982 when he and his Jewish family moved from New York City to Starkville Mississippi where he received a tenured position in the political science department at Mississippi State University For Ball his wife Carol and their three young daughters the move represented a leap of faith ultimately illustrating their deep commitment toward racial justice With breathtaking historical authority Ball narrates the experience of his family as Jewish outsiders in Mississippi an unfamiliar and dangerous landscape contending with the aftermath of the civil rights struggle Signs and natives greeted them with a humiliating and frightening message No Jews Negroes etc or dogs welcome From refereeing football games coaching soccer and helping young black girls integrate the segregated Girl Scout troops in Starkville to life threatening calls from the KKK in the middle of the night from his work for the ACLU to his arguments in the press and before a congressional committee for the extension of the 1965 Voting Rights Act Ball takes the reader to a precarious time and place in the history of the South I read this book personally internalizing it deeply to ask if I would have
