Crowdfunding The Future Media Industries Ethics And Digital Society Digital Formations:

Crowdfunding the Future Lucy Bennett, Bertha Chin, Bethan Jones, 2015 This book offers a wide range of perspectives and empirical research providing analyses of crowdfunded projects the interaction between producers and audiences and the role that websites such as Kickstarter play in discussions around fan agency and exploitation as well as the ethics of crowdfunding *Crowdfunding in Higher Education Institutions* Regina Lenart-Gansiniec, Karsten Wenzlaff, Sebastian Späth, 2023-09-02

This book offers a comprehensive review of crowdfunding at Higher Education Institutions both in theory and practice In addition it sheds new light on the emerging concept of crowdfunding at Higher Education Institutions and presents an overview of current academic discussions and best practices regarding crowdfunding in education Approaching crowdfunding from an integrated perspective the book explores the relationship between crowdfunding and higher education institutions from both theoretical and practical perspectives The theory part outlines why higher institutions should interact with crowdfunding platforms beyond the goal of simply raising funds It continues to define science crowdfunding and education crowdfunding and provides a literature review of education crowdfunding It follows with an outline of teaching alternative finance theory The practice part consists of an attempt to develop a core curriculum for teaching crowdfunding with cases stemming from university education as well as professional education Two contributions deal with the implementation of crowdfunding platforms at universities Furthermore crowdfunding is then connected to non fungible tokens used to alleviate student debt Lastly crowdfunding is put into the context of crowdsourcing practices It includes contributions from international academics scholars and professionals in the field and provides a global multidimensional perspective on crowdfunding Lastly the book is unique in that it points the way forward both for policymakers and for the research community in terms of thinking about crowdfunding at Higher Education Institutions and the complex issues surrounding its development **The Routledge Companion to Media Fandom** Melissa A. Click, Suzanne

Scott, 2017-11-03 The field of fan studies has seen exponential growth in recent years and this companion brings together an internationally and interdisciplinarily diverse group of established scholars to reflect on the state of the field and to point to new research directions Engaging an impressive array of media texts and formats and incorporating a variety of methodologies this collection is organized into six main sections methods and ethics technologies and practices identities race and transcultural fandom industry and futures Each section concludes with a conversation among some of the field s leading scholars and industry insiders to address a wealth of questions relevant to each section topic *The Safe Standing Movement in Football* Mark Turner, 2023-09-08 This book tells the important story of the 30 year social movement against all seated stadia in football in England and Wales that developed in the wake of the Hillsborough stadium disaster and the wider European and international significance of that movement Examining the fan networks relations tactics and interactions which built the Safe Standing movement this book reveals an untold social history of football supporter activism and

represents an important contribution to our understanding of football supporter based social movements the sociology of football and social movement studies more broadly This book argues that Safe Standing is sociologically highly significant because the restriction and partial exclusion of football fans as a social group in the timescape of English football after Hillsborough marked a moment of profound social change in the UK Applying relational sociology and drawing on original research and insider access this book considers how events and ruptures such as Hillsborough shape the dynamics of a social movement In this case supporters who have been deeply affected by the all seating legislation are now in a position to affect the future consumption of football This book shows how this was achieved and how a small core network of approximately 30 supporters networked with supporter groups across Europe now stand to impact and shape the consumption habits of a key leisure practice all over the world This is fascinating reading for any student researcher or policy maker with an interest in football sociology political science public policy or cultural and social history

Lukk, 2023-09-26 The gaping holes in the U S and Canadian social safety nets mean that many people live in a state of financial precarity that can instantly become untenable in the face of another big expense such as a large medical bill or damaged property Historically people have turned to their communities neighbors families and loved ones for help in these situations Today asking for money on the internet through crowdfunding is among the most popular ways of seeking and donating to charity and for profit enterprises have realized that tapping into this instinct for helping is extremely good business GoFailMe reveals how these sites most notably GoFundMe enjoy massive revenue without providing the help they promise They fail most of their users while putting them through an emotional rollercoaster and using sneaky tactics to obscure that reality With unprecedented access to interviews surveys and hundreds of thousands of crowdfunding cases across North America Erik Schneiderhan and Martin Lukk take on pressing questions with critical insight When do we turn to others for help Who succeeds and who fails in the digital crowd Whom do these sites benefit Ultimately the failure of GoFundMe and others is emblematic of the inability of the for profit sector and Big Tech to engineer an end to social inequality **Crowdfunding and Crowdsourcing in Journalism** Andrea Hunter, 2021-03-24 This book offers an in depth

exploration of crowdfunding and crowdsourcing in journalism today and examines their impacts on the broader media landscape Crowdfunding and Crowdsourcing in Journalism looks at how these practices disrupt traditional journalism models including shifting journalistic norms professional identity and the ethical issues at play when journalists turn to social media and the Internet to solicit widespread support While there is often a lot of hype and hope invested in these practices this book takes a critical look at the labour involved in crowdsourcing journalism practices and the evolving relationship between audiences and journalists including issues of civility in online spaces The author draws on in depth interviews with journalists in Canada and the United States as well as examples from the United Kingdom Germany Sweden and Australia to provide a comprehensive study of increasingly important journalist practices The book is a valuable resource for academics researchers and journalists who are interested in political economy journalism studies and labour studies **The**
