Muqtedar Khan, 2006-05-11 There is a growing consensus among experts and the educated public alike that democratization will reduce the many problems of the Muslim world The question that remains is how Islam should be incorporated into the public sphere Islamic Democratic Discourse is in itself a dialogue that explores the multi faceted relationship between Islam and democracy Each chapter by a preeminent scholar of the Muslim tradition and its contemporary challenges provides insight into Islamic political thought and its connection to Western democracy Tamara Sonn and Tarek Ramadan consider the elements of government in classical Islam Osman Bakar and Ali Paya provide regional studies of the search for compatibility between Islam and democracy And finally editor Muqtedar Khan and Marc Lynch are among those who offer a global perspective on the discourse on Islam and democracy Unlike many recent efforts which seek to either underscore or dispute the compatibility of Islam and democracy this eclectic collection begins a comprehensive conversation on Islam s role in the public sphere and charts a course toward an authentic Islamic theory of democracy Islamic Democratic Discourse is a crucial addition to the libraries of scholars interested in the future of Islam in the modern world

democracy religion and gender equality has been a complex one across Western democracies and still remains contested When we turn to Muslim countries the situation is even more multifaceted In the views of many western commentators the question of Women Rights is the litmus test for Muslim societies in the age of democracy and liberalism Especially since the Arab Awakening the issue is usually framed as the opposition between liberal advocates of secular democracy and religious opponents of women s full equality Islam Gender and Democracy in Comparative Perspective critically re engages this too simple binary opposition by reframing the debate around Islam and women s rights within a broader comparative literature Bringing together leading scholars from a range of disciplines it examines the complex and contingent historical relationships between religion secularism democracy law and gender equality Part One addresses the nexus of religion law gender and democracy through different disciplinary perspectives sociology anthropology political science law Part Two localizes the implementation of this nexus between law gender and democracy and provides contextualized responses to questions raised in Part One The contributors explore the situation of Muslim women s rights in minority conditions to shed light on the gender politics in the modernization of the nation and to ponder on the role of Islam in gender inequality across different Muslim countries
