Criticism Scholarly Destructive Scholarship Indefensible:

Is the Higher Criticism Scholarly? Robert Dick Wilson, 1922 *Plundering the Egyptians* John J. Yeo, 2009-11-16

Plundering the Egyptians focuses on the study of the Old Testament at Westminster Theological Seminary from 1929 to 1998. More specifically it presents the lives and academic labors of Robert Dick Wilson 1929 1930 Edward Joseph Young 1936 1968 Raymond Bryan Dillard 1969 1993 and Tremper Longman III 1981 1998. These featured scholars were highly influential in changing the shape of Old Testament studies at Westminster through the introduction of novel scholarly tools and ideas that reveal methodological and theological development. Their individual historical contexts, scholarly contributions and interactions with historical critical scholarship are presented and analyzed. Modifications in their respective methodologies are highlighted and often indicate significant shifts within the Old Princeton Westminster trajectory from an anti critical stance toward a position of openness toward historical critical methodology and its conclusions. The implications of these shifts within Westminster are important because they mirror the current changes and challenges in evangelicalism today.
