American attorney Francis L. Wellman the book was first published in 1903 by The Macmillan Company and was still in print more than 100 years later. In offering this book to the legal profession I do not intend to arrogate to myself any superior knowledge upon the subject excepting in so far as it may have been gleaned from actual experience. Nor have I attempted to treat the subject in any scientific, elaborate or exhaustive way but merely to make some suggestions upon the art of cross examination which have been gathered as a result of twenty five years court practice during which time I have examined and cross examined about fifteen thousand witnesses drawn from all classes of the community. If what is here written affords anything of instruction to the younger members of my profession or of interest or entertainment to the public it will amply justify the time taken from my summer vacation to put in readable form some points from my experience upon this most difficult subject.

Trying Cases to Win Herbert Jay Stern, 1991. Herbert J. Stern, nationally recognized trial lawyer and accomplished teacher of trial techniques, will show you how to win cases. In *Trying Cases to Win*, Stern elaborates on the techniques he's made famous in his seminars and videos as he commits to print his methods and strategies for trying cases to win. He masterfully weaves these guiding principles into a new way of life for the trial lawyer. You would not want this book to get into the hands of your adversary. Jeffrey D. Robertson, New York, NY, in this volume, Stern takes you through a variety of direct examination techniques that will keep you in control and in charge, driving home his points using transcripts from a broad variety of cases that bring his philosophy to life.
