Crosson Needles Managerial Accounting 10th Edition:

Managerial Accounting Belverd Needles, Susan Crosson, 2013-02-19 Crosson Needles MANAGERIAL ACCOUNTING continuously evolves to meet the needs of today's learner. This edition's new structure is based on research about how to deliver content to students and how to mirror the way instructors have told us they teach. The authors have organized this edition into a NEW Three Section Approach. The CONCEPTS section focuses on the overarching accounting concepts that require consistent reiteration throughout the course. The ACCOUNTING APPLICATIONS section helps students apply the accounting procedures with features like Apply It and a new transaction analysis model. The BUSINESS APPLICATIONS section illustrates how concepts and procedures are used to make real business decisions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. *Managerial Accounting* Belverd E. Needles, Susan V. Crosson, 2004-03-01 Designed for managerial accounting programs that begin with either a corporate or sole proprietorship approach, this market-leading text emphasizes the use of financial data in decision making and analysis. The text contains balanced, flexible content supported by an array of print and technology supplements. The 2005e Edition provides instructors with the necessary resources to incorporate new instructional strategies, develop students' core skills and competencies, or integrate technology into the classroom. Procedural content appears in optional objectives at the end of each chapter, allowing instructors to choose how much procedural detail to include in their course. Instructors can also customize homework assignments based on course goals using comprehensive material organized by learning objective. Eight video cases are available on both the Student CD and the HM ClassPrep CD for instructors. The chapter-based HMAccounting Tutor CD replaces the Accounting Transaction Tutor ATT. Students can apply the readings for each chapter to a diagnostic test, a tutorial, an Internet assignment, and a demonstration problem, which includes animation and voice-over narrations. Eduspace is Houghton Mifflin's online learning tool. Powered by Blackboard, Eduspace is a customizable, powerful, and interactive platform that provides instructors with text-specific online content. **Akuntansi Manajemen** M.
