Crossroads Urban Christian:

China's Urban Christians Brent Fulton, 2016-12-29 *China's Urban Christians A Light that Cannot Be Hidden* looks at how massive urbanization is redrawing not only the geographic and social landscape of China but in the process is transforming China's growing church as well. The purpose of this book is to explore how Christians in China perceive the challenges posed by their new urban context and to examine their proposed means of responding to these challenges. Although not primarily political in nature, these challenges nonetheless illustrate the complex interplay between China's Christian community and the Chinese party state as it comes to terms with the continued growth and increasing prominence of Christianity in modern China. Internal Revenue Service, 1989. *The Urban World and the First Christians* Steve Walton, Paul Trebilco, David W. J. Gill, 2017. In the tradition of *The First Urban Christians* by Wayne Meeks, this book explores the relationship between the earliest Christians and the city environment. Experts in classics, early Christianity, and human geography analyze the growth, development, and self-understanding of the early Christian movement in urban settings. The book's contributors first look at how the urban physical, cultural, and social environments of the ancient Mediterranean basin affected the ways in which early Christianity progressed. They then turn to how the earliest Christians thought and theologized in their engagement with cities. With a rich variety of expertise and scholarship, *The Urban World and the First Christians* is an important contribution to the understanding of early Christianity. **The Living Church**, 1993-07. This handbook brings together work by leading scholars of the archaeology of early Christianity in the Mediterranean and surrounding regions. The 34 essays in this volume ground the history, culture, and society of the first seven centuries of Christianity in the latest currents of archaeological method, theory, and research. **Urban Christianity and Global Order** Andrew Davey, 2001. An introduction to urban theology and mission which takes into account the rapid spatial, social, and religious changes associated with urbanisation and globalisation. Beginning with a definition and description of key terms, the book then examines the characteristics of contemporary urban experience and examines the response of the Church to this reality. Finally, the book offers a number of theological resources for Christian presence and witness in towns and cities, with glimpses of future issues and trends.
