

CASSANDRA

A Novel and Four Essays

In the tradition of such masterpieces of historical fiction as Mary Renault's *The King Must Die*, East German writer Christa Wolf movingly retells the story of the fall of Troy — but from the point of view of the woman whose visionary powers earned her contempt and scorn. Written as a result of the author's Greek travels and studies, *Cassandra* speaks to us in a pressing monologue whose inner focal points are patriarchy and war. In the four accompanying pieces, which take the form of travel reports, journal entries, and a letter, Wolf describes the novel's genesis. Incisive and intelligent, the entire volume represents an urgent call to examine the past in order to insure a future.

"With knowledge, insight, and foreboding, Christa Wolf has brilliantly rewritten history, and in viewing the past through the eyes of the doomed seer, she traces its link to our own imminent future." —ERNST PAWEL, *The Nation*

"An East German woman writer, caught in the civil wars of politics and gender, has meditated upon the primordial civic strife sung by Homer and produced a piercing and beautiful novel." —RICHARD EDER, *Los Angeles Times*

"Feminists should hail Wolf's accomplishment as nothing less than a revision of one of the cornerstones of Western civilization." —KENNETH HARPER, *The Christian Science Monitor*

"With *Cassandra*, Wolf has moved on from her experiments in contemporary fictional biography and autobiography, to an allegory of corruption and war from the beginnings of Western culture." —JOYCE CRICK, *The Times Literary Supplement*

ways *The Novel After Theory* Judith Ryan, 2014-01-01 Novels began to incorporate literary theory in unexpected ways in the late twentieth century Through allusion parody or implicit critique theory formed an additional strand in fiction that raised questions about the nature of authorship and the practice of writing Studying this phenomenon provides fresh insight into the recent development of the novel and the persistence of modern theory beyond the period of its greatest success In this book Judith Ryan opens these questions to a range of readers drawing them into debates over the value of theory Ryan investigates what prompted fiction writers to incorporate and respond to theory nearly thirty years ago Designed for readers unfamiliar with the complexities of theory Ryan s book introduces the discipline s major trends and controversies and notes the salient ideas of a carefully selected set of individual thinkers Ryan follows novelists adaptation to and engagement with arguments drawn from theory as they translate abstract ideas into language structure and fictional strategy At the core of her book is a fascinating microstudy of French poststructuralism in its dialogue with narrative fiction Investigating theories of textuality psychology and society in the work of Don DeLillo Thomas Pynchon J M Coetzee Margaret Atwood W G Sebald and Umberto Eco as well as Monika Maron Alain Robbe Grillet Marguerite Duras Marilynne Robinson David Foster Wallace and Christa Wolf Ryan identifies subtle negotiations between author and theory and the richness this dynamic adds to texts Resetting the way we think and learn about literature her book reads current literary theory while uniquely tracing its shaping of a genre
