Cheetah Project Management:

Cheetah Project Management Chao Yan, 2006-04-15 Accelerated project management was created for today's fast paced environment to give project teams a quick simple reliable and cost effective way of coming to consensus on customer requirements project scope project schedules and project budgets Once a project team 3 to 7 people is familiar with accelerated project management it can typically do the complete process of scoping planning scheduling and budgeting in less than half a day The accelerated project management process quickly brings teams to consensus on the customer's requirements who needs to do what when each individual's roles and responsibilities the timing of critical milestones of the project accurate cost estimates and a clear picture of cash flow needs for labor and external costs This book takes the reader through the complete accelerated project management process covering its implementation and advantages Project managers and project team members trainers and facilitators will find the book to be an invaluable resource *Cheetah Project Management* Michelle A. LaBrosse, 2004-01-01 Markets don't wait Technology changes Organizations Merge Projects that take too long hurt business This is a handy how to guide to put your projects on the fast track Learn how to run like a Cheetah and gain a competitive edge become a Cheetah Project Manager **Cheetah Project Management** Michelle LaBrosse, 2006-01-01 Business Driven PMO Setup Mark Price Perry, 2009-05-15 Featuring contributions from more than 20 distinguished executives and subject matter experts this unique reference challenges various traditional approaches and strategies for the PMO and explains how to set up a business driven PMO using an extensively proven roadmap adaptable to any type or size organization *Cheetah Negotiations* Michelle LaBrosse, Linda Lansky, 2005-03 **Leadership in Project Management**, 2006 **Project Management in Extreme Situations** Monique Aubry, Pascal Lievre, 2016-12-12 The growing complexity of projects today as well as the uncertainty inherent in innovative projects is making obsolete traditional project management practices and procedures which are based on the notion that much about a project is known at its start The current high level of change and complexity confronting organizational leaders and managers requires a new approach to projects so they can be managed flexibly to embrace and exploit change What once used to be considered extreme uncertainty is now the norm and managing planned projects is being replaced by managing projects as they evolve Successfully managing projects in extreme situations such as polar and military expeditions shows how to manage successfully projects in today's turbulent environment Executed under the harshest and most unpredictable conditions these projects are great sources for learning about how to manage unexpected and unforeseen situations as they occur This book presents multiple case studies of managing extreme events as they happened during polar mountain climbing military and rescue expeditions A boat accident in the Arctic is a lesson on how an effective project manager must be ambidextrous on one hand able to follow plans and on the other hand able to abandon those plans when disaster strikes and improvise new ones in response Polar expeditions also illustrate how a team can use weak links to go beyond its usual information network to

acquire strategic information Fire and rescues operations illustrate how one team member s knowledge can be transferred to the entire team Military operations provide case material on how teams coordinate and make use of both individual and collective competencies This groundbreaking work pushes the definitions of a project and project management to reveal new insight that benefits researchers academics and the practitioners managing projects in today s challenging and uncertain times **Cheetah Pedia for Project Managers** Cheetah Exam Prep LLC,2021-02-02 An overview of project management Cheetah Agile Projects Michelle LaBrosse,2021-07-13 Learn the skills required to complete important projects in two weeks ,
