Chicanalatina Education In Everyday Life Feminista Perspectives On Pedagogy And Epistemology:

Chicana/Latina Education in Everyday Life Dolores Delgado Bernal, C. Alejandra Elenes, Francisca E. Godinez, Sofia Villenas, 2006-08-17 This first of its kind volume bridges Chicana Latina feminist perspectives with education and offers innovative ideas on teaching and learning and ways of knowing *Chicana/Latina Education in Everyday Life* Dolores Delgado Bernal, C. Alejandra Elenes, Francisca E. Godinez, Sofia Villenas, 2006-08-17 Winner of the 2006 Critics Choice Awards presented by the American Educational Studies Association This groundbreaking volume explores both Chicana Latina feminist definitions of teaching and learning and ways of knowing in education The book's contributors Chicana Latina feminist scholars reinterpret the field of education as inter and transdisciplinary and connected to ethnic racial and womanist scholarship They examine mujer women centered definitions of pedagogy and epistemology rooted in Chicana Latina theories and visions of life family community and world Armed with the tools of Chicana Latina feminist thought the contributors link cultural studies theories to critical feminist pedagogies by re envisioning the sites of pedagogy to include women's brown bodies and their agency *Chicana/Latina Testimonios as Pedagogical, Methodological, and Activist Approaches to Social Justice* Dolores Delgado Bernal, Rebeca Burciaga, Judith Flores Carmona, 2017-10-02 While the genre of testimonio has deep roots in oral cultures and in Latin American human rights struggles the publication and subsequent adoption of This Bridge Called My Back Moraga Anzaldúa 1983 and more recently Telling to Live Latina Feminist Testimonios Latina Feminist Group 2001 have demonstrated the power of testimonio as a genre that exposes brutality disrupts silencing and builds solidarity among women of colour Within the field of education scholars are increasingly taking up testimonio as a pedagogical methodological and activist approach to social justice which transgresses traditional paradigms in academia Unlike the more usual approach of researchers producing unbiased knowledge the testimonio challenges objectivity by situating the individual in communion with a collective experience marked by marginalization oppression or resistance This approach has resulted in new understandings about how marginalized communities build solidarity and respond to and resist dominant culture laws and policies that perpetuate inequity This book contributes to our understanding of testimonio as it relates to methodology pedagogy research and reflection in pursuit of social justice A common thread among the chapters is a sense of political urgency to address inequities within Chicana o and Latina o communities This book was originally published as a special issue of Equity Excellence in Education *Critical Feminism and Critical Education* Jennifer Gale De Saxe, 2016-03-31 Challenging the current state of public education and teacher preparation this book argues for a re imagination of teacher education through a critical feminist and critical education perspective Offering a rich discussion of the promise and pedagogy of self reflexivity and testimonio which emerges from critical feminism this book brings together theory and practice in critical feminism critical education and testimonio to serve as a platform in which to reconceptualize the philosophy of traditional teacher education arguing that too many programs prepare teachers who often preserve rather

than challenge the status quo Handbook of Latinos and Education Juan Sánchez Muñoz, Enrique G. Murillo Jr., Margarita Machado-Casas, 2009-12-16 Providing a comprehensive review of rigorous innovative and critical scholarship relevant to educational issues which impact Latinos this Handbook captures the field at this point in time Its unique purpose and function is to profile the scope and terrain of academic inquiry on Latinos and education Presenting the most significant and potentially influential work in the field in terms of its contributions to research to professional practice and to the emergence of related interdisciplinary studies and theory the volume is organized around five themes history theory and methodology policies and politics language and culture teaching and learning resources and information The Handbook of Latinos and Education is a must have resource for educational researchers graduate students teacher educators and the broad spectrum of individuals groups agencies organizations and institutions sharing a common interest in and commitment to the educational issues that impact Latinos **Handbook of Cultural Politics and Education** ,2010-01-01 In academia the effects of the cultural turn have been felt deeply In everyday life tenets from cultural politics have influenced how people behave or regard their options for action such as the reconfiguration of social movements protests and praxis in general Many authors writing in this field are known for their scholarship and social activism both of which are arguably guided by principles of cultural politics about the nature of representation and the deployment of power in political discourses The Handbook of Cultural Politics and Education is less an attempt to standardize contemporary educational scholarship and more a collection that engages the problems and promises of recent themes in social and cultural thought which require our attention and demand a response In other words it opens doors to questions rather than convenient answers to difficult educational dilemmas The Handbook is part of the appraisal of an opening created by interdisciplinary writings on such themes as representation civil society cultural struggle subjectivity and media within the context of education Indeed cultural politics troubles traditional frameworks in search of critical explanations concerning education s place within society The contributions in the collection support this endeavor **Handbook of Research in the Social Foundations of Education** Steven Tozer, Bernardo P. Gallegos, Annette Henry, Mary Bushnell Greiner, Paula Groves Price, 2011-07-05 Parts one and two of this volume present the theoretical lenses used to study the social contexts of education These include long established foundations disciplines such as sociology of education and philosophy of education as well as newer theoretical perspectives such as critical race theory feminist educational theory and cultural studies in education Parts three four and five demonstrate how these theoretical lenses are used to examine such phenomena as globalization media popular culture technology youth culture and schooling This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study This book is appropriate as a reference volume not only for scholars in the social foundations of education but also for scholars interested in the cultural contexts of teaching and learning formal and informal It is also appropriate as a textbook for graduate level courses in Social

Foundations of Education School and Society Educational Policy Studies Cultural Studies in Education and Curriculum and Instruction **Enduring Legacies** Arturo J. Aldama, Elisa Facio, Daryl Maeda, Reiland Rabaka, 2011-05-18 Traditional accounts of Colorado's history often reflect an Anglocentric perspective that begins with the 1859 Pikes Peak Gold Rush and Colorado's establishment as a state in 1876 *Enduring Legacies* expands the study of Colorado's past and present by adopting a borderlands perspective that emphasizes the multiplicity of peoples who have inhabited this region Addressing the dearth of scholarship on the varied communities within Colorado a zone in which collisions structured by forces of race nation class gender and sexuality inevitably lead to the transformation of cultures and the emergence of new identities this volume is the first to bring together comparative scholarship on historical and contemporary issues that span groups from Chicanas and Chicanos to African Americans to Asian Americans This book will be relevant to students academics and general readers interested in Colorado history and ethnic studies **Community-Based Participatory Research** Natalia Deeb-Sossa, 2019-04-09 Members of communities of color in the United States often struggle for equity autonomy survival and justice *Community Based Participatory Research* is an edited volume from activist scholars who present personal testimonies showcasing how community based participatory research CBPR can lead to sustainable change and empowerment Editor Natalia Deeb Sossa has chosen contributors whose diverse interdisciplinary projects are grounded in politically engaged research in Chicanx and Latinx communities The scholars advocacy work is a core component of the research design of their studies challenging the idea that research needs to be neutral or unbiased The testimonies tell of projects that stem from community demands for truly collaborative research addressing locally identified issues and promoting community social change Contributors share their personal experiences in conducting CBPR focusing on the complexities of implementing this method and how it may create sustainable change and community empowerment Along with a retrospective analysis of how CBPR has been at the center of the Chicana o Movement and Chicana o studies the book includes a discussion of consejos y advertencias advice and warnings The most knowledgeable people on community issues are the very members of the communities themselves Recognizing a need to identify the experiences and voices testimonios of communities of color activist scholars showcase how to incorporate the perspectives of the true experts the poor women farmworkers students activists elders and immigrants *Handbook of Qualitative Research in Education* Sara Delamont, 2012-01-01 The *Handbook of Qualitative Research in Education* offers both basic and advanced discussions of data collection analysis and representation of all the best qualitative methods used in educational research It contains four comprehensive yet concise sections on perspectives settings data collection and data analysis and representation Authors from North America Europe Australia and New Zealand contribute to a wide ranging and provocative Handbook that will inspire novice researchers and re invigorate experienced scholars Its 44 well documented chapters will serve academics and graduate students in educational research across all sectors of education from pre school to graduate school and all settings
