Chinese Propaganda Posters From Revolution To Modernization:

Chinese Propaganda Posters: From Revolution to Modernization Stefan Landsberger, 2020-11-25 Brightly coloured prints portraying model behaviour or a better future have been a ubiquitous element of Chinese political culture from Imperial times until present. As economic reform swept the People's Republic in the 1980s, visual propaganda ceased to depict the tanned and muscular labourers in a proletarian utopia so typical of preceding decades. Instead, Western icons of progress and development were employed: high speed bullet trains, spacecraft, high rise buildings, gridlocked free ways and projections of general affluence. Socialist Realism was phased out by design and mixed media techniques that were influenced by Western advertising. This lavishly illustrated study traces the development of the style and content of the Chinese propaganda poster in the decade of reform from its traditional origins to its use as a tool for political and economic purposes.

Redefining Propaganda in Modern China James Farley, Matthew D. Johnson, 2020-11-19 Usage of the political keyword propaganda by the Chinese Communist Party has changed and expanded over time. These changes have been masked by strong continuities spanning periods in the history of the People's Republic of China from the Mao Zedong era 1949-76 to the new era of Xi Jinping 2012-present. *Redefining Propaganda in Modern China* builds on the work of earlier scholars to revisit the central issue of how propaganda has been understood within the Communist Party system. What did propaganda mean across successive eras? What were its institutions and functions? What were its main techniques and themes? What can we learn about popular consciousness as a result? In answering these questions, the contributors to this volume draw on a range of historical, cultural studies, propaganda studies and comparative politics approaches. Their work captures the sweep of propaganda, its appearance in everyday life as well as during extraordinary moments of mobilization and demobilization, and its systematic continuities and discontinuities from the perspective of policy makers, bureaucratic functionaries and artists. More localized and granular case studies are balanced against deep readings and cross-cutting interpretive essays which place the history of the People's Republic of China within broader temporal and comparative frames. Addressing a vital aspect of Chinese Communist Party authority, this book is meant to provide a timely and

comprehensive update on what propaganda has meant ideologically operationally aesthetically and in terms of social experience *Chinese Posters* Lincoln Cushing, Ann Tompkins, 2007-09-27 Introduction People poverty politics and posters Nature and transformation Production and mechanization Women hold up half the sky Serve the people Solidarity Politics in command After the cultural revolution

Encyclopaedia of Propaganda Robert Cole, 2022-03-24 The Encyclopedia of Propaganda examines all aspects of propaganda through history and is organized in an A to Z format The set defines the arenas in which propaganda is used such as politics war advertising and media pinpoints the political systems in which it is used such as Nazism Communism and McCarthyism and describes notable progenitors of propaganda and their works including Hitler and Mein Kampf Machiavelli and The Prince Sun Tzu and The Art of War and Plato and The Republic The Encyclopedia of Propaganda also examines noteworthy individuals who have employed propaganda to further their own agenda including Walt Disney Fidel Castro Jane Fonda the Rev Jerry Falwell Saddam Hussein Rush Limbaugh and Eleanor Roosevelt Organizations which have utilized propaganda in a systematic fashion are also included among them the Black Panther Party the Sandinista National Liberation Front and the People for Ethical Treatment of Animals This well organized easy to use reference should be a valuable research tool for students of world history politics and literature

Collecting the Revolution Emily R. Williams, 2022-03-08 In the late 1960s student protests broke out throughout much of the world and while Britain's anti Vietnam protestors and China's Red Guards were clearly radically different these movements at times shared inspirations aspirations and aesthetics Within Western popular media Mao's China was portrayed as a danger to world peace but at the same time for some on the counter cultural left the Cultural Revolution 1966 1976 contained ideas worthy of exploration Moreover because of Britain's continued colonial possession of Hong Kong Britain had a specific interest in ongoing events in China and information was highly sought after Thus the objects that China exported propaganda posters paintings Mao badges periodicals ceramics etc became a crucial avenue through which China was known at this time and interest in them crossed the political divide Collecting the Revolution uses the objects that the Chinese government sent abroad and that visitors brought back with them to open up the stories of diplomats journalists activists students and others and how they imagined engaged with and later remembered Mao's China through its objects It chronicles the story of how these objects were later incorporated into the collections of some of Britain's most prominent museums thus allowing later generations to continue to engage with one of the most controversial and important periods of China's recent history

A Continuous Revolution Barbara Mittler, 2020-03-17 Cultural Revolution Culture often denigrated as nothing but propaganda was liked not only in its heyday but continues to be enjoyed today A Continuous Revolution sets out to explain its legacy By considering Cultural Revolution propaganda art music stage works prints and posters comics and literature from the point of view of its longue dur e Barbara Mittler suggests it was able to build on a tradition of earlier art works and this allowed for its sedimentation in cultural memory and its proliferation in contemporary China Taking the aesthetic experience of the

Cultural Revolution 1966 1976 as her base Mittler juxtaposes close readings and analyses of cultural products from the period with impressions given in a series of personal interviews conducted in the early 2000s with Chinese from diverse class and generational backgrounds By including much testimony from these original voices Mittler illustrates the extremely multifaceted and contradictory nature of the Cultural Revolution both in terms of artistic production and of its cultural experience
