Literature Jean Franco, 1994 A revised updated edition of Jean Franco's Introduction to Spanish American Literature first published in 1969 **Love and Politics in the Contemporary Spanish American Novel** Aníbal González, 2010-02-01 The Latin American Literary Boom was marked by complex novels steeped in magical realism and questions of nationalism often with themes of surreal violence In recent years however those revolutionary projects of the sixties and seventies have given way to quite a different narrative vision and ideology Dubbed the new sentimentalism this trend is now keenly elucidated in Love and Politics in the Contemporary Spanish American Novel Offering a rich account of the rise of this new mode as well as its political and cultural implications Anibal Gonz lez delivers a close reading of novels by Miguel Barnet Elena Poniatowska Isabel Allende Alfredo Bryce Echenique Gabriel Garc a M rquez Antonio Sk rmeta Luis Rafael S nchez and others Gonz lez proposes that new sentimental novels are inspired principally by a desire to heal the division rancor and fear produced by decades of social and political upheaval Valuing pop culture above the avant garde such works also tend to celebrate agape the love of one's neighbor while denouncing the negative effects of passion eros Illuminating these and other aspects of post Boom prose Love and Politics in the Contemporary Spanish American Novel takes a fresh look at contemporary works

Hart, 2007 The evolution of Latin American literature A Companion to Latin American Literature offers a lively and informative introduction to the most significant literary works produced in Latin America from the fifteenth century until the present day It shows how the press and its product the printed word functioned as the common denominator binding together in different ways over time the complex

and variable relationship between the writer the reader and the state The meandering story of the evolution of Latin American literature from the letters of discovery written by Christopher Columbus and Vaz de Caminha via the Republican era at the end of the nineteenth century when writers in Rio de Janeiro as much as in Buenos Aires were beginning to live off their pens as journalists and serial novelists until the 1960s when writers of the quality of Clarice Lispector in Brazil and Garc a M rquez in Colombia suddenly burst onto the world stage is traced chronologically in six chapters which introduce the main writers in the main genres of poetry prose the novel drama and the essay A final chapter evaluates the post boom novel testimonio Latino and Brazyuca literature gay Afro Hispanic and Afro Brazilian literature along with the Novel of the New Millennium This study also offers suggestions for further reading STEPHEN M HART is Professor of Hispanic Studies University College London and Profesor Honorario Universidad de San Marcos Lima
