Capitalizing On Crisis The Political Origins Of The Rise Of Finance

Jane L. Collins

Capitalizing On Crisis The Political Origins Of The Rise Of Finance:

Capitalizing on Crisis Greta R. Krippner, 2011-02-15 In the context of the recent financial crisis the extent to which the U S economy has become dependent on financial activities has been made abundantly clear In *Capitalizing on Crisis* Greta Krippner traces the longer term historical evolution that made the rise of finance possible arguing that this development rested on a broader transformation of the U S economy than is suggested by the current preoccupation with financial speculation Krippner argues that state policies that created conditions conducive to financialization allowed the state to avoid a series of economic social and political dilemmas that confronted policymakers as postwar prosperity stalled beginning in the late 1960s and 1970s In this regard the financialization of the economy was not a deliberate outcome sought by policymakers but rather an inadvertent result of the state's attempts to solve other problems The book focuses on deregulation of financial markets during the 1970s and 1980s encouragement of foreign capital into the U S economy in the context of large fiscal imbalances in the early 1980s and changes in monetary policy following the shift to high interest rates in 1979 Exhaustively researched the book brings extensive new empirical evidence to bear on debates regarding recent developments in financial markets and the broader turn to the market that has characterized U S society over the last several decades

Review of Greta Krippner, *Capitalizing on Crisis* Frank Dobbin, 2014 Greta Krippner submitted *Capitalizing on Crisis* to Harvard University Press at the end of the summer of 2008 before the Great Recession began I read it as a member of the press board and we all thought Krippner had a career ahead as a psychic [The Routledge Handbook of Critical Finance Studies](#) Christian Borch, Robert Wosnitzer, 2020-09-15 There has been an increasing interest in financial markets across sociology history anthropology cultural studies and related disciplines over the past decades with particular intensity since the 2007-2008 crisis which prompted new analyses of the workings of financial markets and how scandals of Wall Street might have huge societal ramifications The sociologically inclined landscape of finance studies is characterized by different more or less well established homogeneous camps with more micro empirical social studies of finance approaches on the one end of the spectrum and more theoretical often neo Marxist approaches on the other Yet alternative approaches are also gaining traction including work that emphasizes the cultural homologies and interconnections with finance as well as work that more broadly is both empirically rigorous and theoretically ambitious Importantly across these various approaches to finance a growing body of literature is taking shape which engages finance in a critical manner The term critical finance studies nonetheless remains largely unfocused and undefined Against this backdrop the key rationales of *The Routledge Handbook of Critical Finance Studies* are firstly to provide a coherent notion of this emergent field and secondly to demonstrate its analytical usefulness across a wide range of central aspects of contemporary finance As such the volume will offer a comprehensive guide to students and academics on the field of Finance and Critical Finance Studies Heterodox Economics Accounting and related Management disciplines Chapter 14 of this book is freely available as a

downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Politics of Value Jane L. Collins, 2017-03-29 Introduction Value and the social division of labor Benefit corporations reimagining corporate responsibility Slow Money the value of place Value and the public sector Conclusion comparing the three revaluation projects

The Making of Finance Isabelle Chambost, Marc Lenglet, Yamina Tadjeddine, 2018-09-21 Using a variety of theoretical frameworks drawn from the social sciences the contributions in this edited collection offer a critical perspective on the dominant paradigms used in contemporary financial activities Through a detailed study of the organisation and functioning of financial intermediaries and institutions the contributors to this volume analyse finance in the making by shedding light on the structuring of banking and financial systems on their capacity to prescribe action and control on their modes of regulation and more generally on the process of financialisation Contributions presented in this volume have been written by authors working within the social studies of finance tradition a research programme that emerged twenty years ago with the aim of addressing a diversity of financial fieldworks and related theoretical questions This book therefore sheds light on different areas that are representative of contemporary financial realities Specifically it first studies the work of financial employees traders salespeople investment managers financial analysts investment consultants etc but also provides an analysis of a range of financial instruments financial schemes and contracts financial derivatives socially responsible investment funds as well as market rules and regulations Finally it puts into perspective the organisations contributing to this financial reality those developing and selling financial services retail banks brokerage houses asset management firms private equity firms etc and also those contributing to the regulation of such activities banking regulators financial market authorities credit rating agencies the State to name a few Each text can be read without any specific knowledge of finance the book is thus addressed to anyone willing to better understand the intricacies of contemporary financial realities

The Age of Surveillance Capitalism Shoshana Zuboff, 2019-01-15 The challenges to humanity posed by the digital future the first detailed examination of the unprecedented form of power called surveillance capitalism and the quest by powerful corporations to predict and control our behavior In this masterwork of original thinking and research Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism The stakes could not be higher a global architecture of behavior modification threatens human nature in the twenty first century just as industrial capitalism disfigured the natural world in the twentieth Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector Vast wealth and power are accumulated in ominous new behavioral futures markets where predictions about our behavior are bought and sold and the production of goods and services is subordinated to a new means of behavioral modification The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture a Big Other operating in the interests of surveillance capital Here is the crucible of an unprecedented form of power marked by extreme concentrations of

knowledge and free from democratic oversight Zuboff's comprehensive and moving analysis lays bare the threats to twenty first century society a controlled hive of total connection that seduces with promises of total certainty for maximum profit at the expense of democracy freedom and our human future With little resistance from law or society surveillance capitalism is on the verge of dominating the social order and shaping the digital future if we let it **Reclaiming Democracy** Albena Azmanova, Mihaela Mihai, 2015-03-02 Democracy is in shambles economically and politically The recent economic meltdown in Europe and the U S has substituted democratic deliberation with technocratic decisions In Athens Madrid Lisbon New York Pittsburgh or Istanbul protesters have denounced the incapacity and unwillingness of elected officials to heed to their voices While the diagnosis of our political economic illness has been established remedies are hard to come What can we do to restore our broken democracy Which modes of political participation are likely to have an impact And what are the loci of political innovation in the wake of the crisis It is with these questions that Reclaiming Democracy engages We argue that the managerial approach to solving the crisis violates a right to politics that is a right that our collective life be guided by meaningful politics by discussion of and decision among genuinely alternative principles and policies The contributors to this volume are united in their commitment to explore how and where this right can be affirmed in a way that resuscitates democracy in the wake of the crisis Mixing theoretical reflection and empirical analysis the book offers fresh insights into democracy's current conundrum and makes concrete proposals about how the right to politics can be protected

Analytical Political Economy Roberto Veneziani, Luca Zamparelli, 2018-06-11 Offering a unique picture of recent developments in a range of non conventional theoretical approaches in economics this book introduces readers to the study of Analytical Political Economy and the changes within the subject Includes a wide range of topics and theoretical approaches that are critically and thoroughly reviewed Contributions within the book are written according to the highest standards of rigor and clarity that characterize academic work Provides comprehensive and well organized surveys of cutting edge empirical and theoretical work covering an exceptionally wide range of areas and fields Topics include macroeconomic theories of growth and distribution agent based and stock flow consistent models financialization and Marxian price and value theory Investigates exploitation theory trade theory the role of expectations and animal spirits on macroeconomic performance as well as empirical research in Marxian economics *A Research Agenda for International Political Economy* Deese, David A., 2022-10-13 With contributions from an international range of experts this cutting edge Research Agenda collates the most important and emerging research in the field to map out the new directions and promising paths ahead for the international political economy IPE *Political Risk and the Politics of Risk* Pedro Lange Machado, 2025-09-07 This book provides a critical analysis of how credit rating agencies engage with the political and economic dynamics of developing countries Focusing on Brazil and Argentina it demonstrates how S P Global Moody's Investor Service and Fitch Ratings the Big Three employ a politics of risk that seeks to advance the interests of global financial markets while interacting with

domestic governance processes Drawing on underexplored materials such as sovereign rating reports and press releases this book examines how these agencies deploy their evaluations and public statements as instruments of this politics of risk Their actions respond to the political risk conditions they identify which are shaped by factors such as government ideology and shifts in the international context Through detailed case studies of Brazil and Argentina this book shows how credit rating agencies become part of wider political disputes over economic policy and governance in the Global South Bringing together key debates in International Political Economy Political Risk and the Politics of Risk sheds light on the intersections of financialization neoliberalism and the tensions between financial globalization and democratic governance By revisiting recent political and economic developments in two of Latin America s largest economies this book fills a crucial gap in the literature and offers fresh insights into the often overlooked role of credit rating agencies in contemporary global capitalism This book will be of interest to scholars students and practitioners in International Political Economy Political Science Development Studies and Latin American studies as well as those seeking to understand the complex relationships between finance politics and power in emerging economies

Capitalizing On Crisis The Political Origins Of The Rise Of Finance Introduction

In today's digital age, the availability of Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Capitalizing On Crisis The Political Origins Of The Rise Of Finance versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature,

making it an excellent resource for literature enthusiasts. Another popular platform for Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Capitalizing On Crisis The Political Origins Of The Rise Of Finance books and manuals for download and embark on your journey of knowledge?

FAQs About Capitalizing On Crisis The Political Origins Of The Rise Of Finance Books
