Capstone Jane Lopus, 2008 **Capstone** Jane S. Lopus, National Council on Economic Education, 2003 This publication contains Capstone's student activities **Capstone**, 2003 **Introducing Economics: A Critical Guide for Teaching** Mark H. Maier, Julie Nelson, 2014-12-18 Make economics resonate to high school students This practical handbook will help economics and social studies teachers foster critical thinking by introducing students to the real life dimensions of the major controversies in contemporary economics Filled with useful teaching tips and user friendly information on finding engaging materials and activities for the classroom the book also includes detailed coverage of the Voluntary National Content Standards for economics Introducing Economics is a one stop resource for high school teachers who want to make economics relevant to their students lives It includes more than 50 sections with lists of suggested Activities and Resources many with Internet links It features boxed Hints for Clear Teaching tips for presenting particularly difficult topics It provides an annotated resource guide to more than 30 organizations involved in economics education with associated Internet links It follows the flow of topics in a typical economics course It addresses real life topics that are ignored or glossed over in traditional textbooks economics and the environment the distribution of income and wealth discrimination labor unions globalization the power of corporations and more It offers critical guidance for meeting all 20 Voluntary National Content Standards in economics and also provides an overview of the political and intellectual history and contemporary state of economics education *Getting at the Core of the Common Core with Social Studies* Thomas N. Turner, Jeremiah Clabough, William Cole, 2014-11-01 For social studies teachers reeling from the buffeting of top down educational reforms this volume offers answers to questions about dealing with the Common Core State Standards CCSS Each chapter presents and reviews pertinent standards that relate to the social studies Each chapter also deals with significant topics in the social studies from various social sciences to processes such as inquiry to key skills needed for success in social studies such as analysis and literacy The most important aspect of these chapters though is the array of adaptable activities that is included in each chapter Teachers can find practical approaches to dealing with CCSS across the social studies panorama The multiple authorships of the various chapters mean a variety of perspectives and viewpoints are presented All of the authors have fought in the trenches of K 12 public education Their activities reflect this in a way that will be useful to novice or veteran teachers *Teaching Economics in Troubled Times* Mark C. Schug, William C. Wood, 2011-01-03 Teaching Economics in a Time of Unprecedented Change is a one stop collection that helps pre and in service social studies teachers to foster an understanding of classic content as well as recent economic developments **The Social Studies Professional**, 2004 **Business Education Forum**, 2004 *Advanced Placement Economics* John S. Morton, 2003 The teacher guide accompanies the student activities books in macro and microeconomics for teaching collegelevel economics in AP Economics courses The publication contains course outlines unit plans teaching instructions and answers to the student activities and

sample tests **More Like Life Itself** Cory Wright-Maley, 2018-10-01 John Dewey wrote in multiple places that education should be an experience of the content and processes of life itself Too often social studies is taught in a way that tells students about real life but fails to engage them in the process of life for which Dewey advocated The core purpose of simulations is to reflect the processes events and phenomena expressed in a variety of real life domains They engage students in these reflections of real life meaningfully as active agents who have the power to make decisions that impact the direction of events and that lead to both intended and unintended consequences Because of the nature of simulations students who participate in them are able to build their capacities to think in complex and critical ways Today despite the growing evidence that simulations have an important role to play in the teaching of social studies they remain an underutilized and undervalued approach to the discipline One of the key obstacles to their widespread adoption is the limited availability of training resources available to social studies teachers Teachers need support to develop a new vision of social studies teaching and learning coupled with practical guidance necessary to implement simulations effectively This volume provides teachers with both When teachers are able to weave simulations effectively into the fabric of social studies teaching and learning they help to promote social studies experiences that are both powerful and purposeful They offer students an experience of the discipline that is indeed More Like Life Itself
