A History of Rwandan Identity and Trauma Randall Fegley, 2016-03-18 Few societies have faced the difficulties of identity building experienced by Rwanda This book s introduction reviews literature on the concepts of myth and trauma and then introduces basic information on Rwanda and how it has been viewed by the outside world Chapter One describes early Rwanda s political and cultural development traditional narratives group migrations the effects of German and later Belgian colonialism and the introduction of Christianity It concludes with a look at how this early history has been interpreted and reinterpreted The second chapter discusses the end of Tutsi dominance and the 1959 Hutu Revolution It details Hutu Power ideology Belgian domestic politics early acts of genocide refugee movements and economic and political stagnation The text documents the development of the Rwandan Patriotic Front its 1990 invasion and the Arusha peace process An account of the 1994 genocide follows However as this has been covered in numerous other works descriptions are limited to key events and general patterns The chapter ends with a review of films books and other publications that brought Rwanda s plight to a worldwide audience but that also created new myths Chapter Three examines the country s post genocide reconstruction and attempts to bring justice and reconciliation through the International Criminal Tribunal for Rwanda in Tanzania and gacaca courts domestically Rwanda s impressive record of economic progress over the last two decades is detailed However prospects for democracy have diminished as its leaders have become increasingly sensitive to criticism and fearful of renewed divisions Descriptions of the process of developing school curriculums to explain past atrocities the new myths it created and their possible consequences comprise most of Chapter Four The final chapter offers conclusions on the effects of past mythologies and the trauma they have wrought It draws comparisons with other divided societies and their approaches to dealing with the past These include Burundi Ethiopia South Africa the United States Taiwan Canada Belgium Switzerland and Singapore An extensive bibliography of books theses conference papers official documents articles periodicals journals films websites other media and interviews includes translations of titles in Kinyarwanda French Dutch and German

The Rulers of German Africa, 1884-1914 Lewis H. Gann, Peter Duignan, 1977-06-01 The first book in a planned series dealing with the social structure of the European colonial services in Africa this volume examines Germany s military and administrative personnel in the colonies of German East Africa South West Africa Cameroun and Togo their performance on the scene their educational and class background their ideology their continuing ties with the homeland and their subsequent

careers Although the African colonies played a negligible part in German trade and foreign investment they were profoundly affected by thirty years of German rule Brutal and overbearing though many German administrators were they had substantial achievements to their credit Among other things they introduced European technology medicine and education in their colonies and they laid the groundwork for today's states by establishing firm geographic boundaries and building an infrastructure of ports roads and railways

Societies in Transition Martin Leiner, Maria Palme, Peggy Stoeckner, Benoît Bourguine, François Dermange, Dennis Doyle, Matthias Gockel, Makoto Mizutani, Arie Nadler, David Tombs, 2014-07-16 The second volume of the trans disciplinary series Research in Peace and Reconciliation looks at ways of dealing with the past in Sub Saharan Africa in recent decades and highlights the variety of peaceful strategies and processes It asks to what extent this variety fosters the development of alternative methods for the transformation of violent conflict The contributions focus on different African countries and regions as Chad Nigeria Rwanda Uganda Namibia Zimbabwe and South Africa They take into account the influence of particular cultural contexts on processes of reconciliation In doing so they emphasize the importance of religions rites and tribal customs as well as the complex legacy of colonialism They also look at the presentation of the topic in Western media Many thanks go to the Ernst Abbe Foundation Jena for its generous support of the publication

Boy-Wives and Female Husbands Stephen O. Murray, Will Roscoe, 2021-04-01 Among the many myths created about Africa the claim that homosexuality and gender diversity are absent or incidental is one of the oldest and most enduring Historians anthropologists and many contemporary Africans alike have denied or overlooked African same sex patterns or claimed that such patterns were introduced by Europeans or Arabs In fact same sex love and nonbinary genders were and are widespread in Africa Boy Wives and Female Husbands documents the presence of this diversity in some fifty societies in every region of the continent south of the Sahara Essays by scholars from a variety of disciplines explore institutionalized marriages between women same sex relations between men and boys in colonial work settings mixed gender roles in east and west Africa and the emergence of LGBTQ activism in South Africa which became the first nation in the world to constitutionally ban discrimination based on sexual orientation Also included are oral histories folklore and translations of early ethnographic reports by German and French observers Boy Wives and Female Husbands was the first serious study of same sex sexuality and gender diversity in Africa and this edition includes a new foreword by Marc Epprecht that underscores the significance of the book for a new generation of African scholars as well as reflections on the book's genesis by the late Stephen O Murray This book is freely available in an open access edition thanks to the generous support of the Murray Hong Family Trust Access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1714>

Do Not Disturb Michela Wrong, 2021-03-30 A powerful investigation into a grisly political murder and the authoritarian regime behind it Do Not Disturb upends the narrative that Rwanda sold the world after one of the deadliest genocides of the

twentieth century We think we know the story of Africa s Great Lakes region Following the Rwandan genocide an idealistic group of young rebels overthrew the brutal regime in Kigali ushering in an era of peace and stability that made Rwanda the donor darling of the West winning comparisons with Switzerland and Singapore But the truth was considerably more sinister Vividly sourcing her story with direct testimony from key participants Wrong uses the story of the murder of Patrick Karegeya once Rwanda s head of external intelligence and a quicksilver operator of supple charm to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame the president who sanctioned his former friend s assassination *The Nile* Terje Tvedt,2021-07-15 A vivid travelogue New Statesman Has much to offer The Spectator Sparks the imagination BBC History Magazine A fascinating study BBC History Revealed Magazine Essential reading All About History Valiant valuable and entertaining Times Literary Supplement The greatest river in the world has a long and fascinating history Professor Terje Tvedt one of the world s leading experts on the history of waterways travels upstream along the river s mouth to its sources The result is a travelogue through 5000 years and 11 countries from the Mediterranean to Central Africa This is the fascinating story of the immense economic political and mythical significance of the river Brimming with accounts of central characters in the struggle for the Nile from Caesar and Cleopatra to Churchill and Mussolini and on to the political leaders of today The Nile is also the story of water as it nourished a civilization Violent Intermediaries Michelle R. Moyd,2014-07-01 The askari African soldiers recruited in the 1890s to fill the ranks of the German East African colonial army occupy a unique space at the intersection of East African history German colonial history and military history Lauded by Germans for their loyalty during the East Africa campaign of World War I but reviled by Tanzanians for the violence they committed during the making of the colonial state between 1890 and 1918 the askari have been poorly understood as historical agents Violent Intermediaries situates them in their everyday household community military and constabulary roles as men who helped make colonialism in German East Africa By linking microhistories with wider nineteenth century African historical processes Michelle Moyd shows how as soldiers and colonial intermediaries the askari built the colonial state while simultaneously carving out paths to respectability becoming men of influence within their local contexts Through its focus on the making of empire from the ground up Violent Intermediaries offers a fresh perspective on African colonial troops as state making agents and critiques the mythologies surrounding the askari by focusing on the nature of colonial violence **The Geographical Journal** ,1905 Includes the Proceedings of the Royal geographical society formerly pub separately
