Buying Baroque Edgar Peters Bowron, 2017-03-28 Although Americans have shown interest in Italian Baroque art since the eighteenth century Thomas Jefferson bought copies of works by Salvator Rosa and Guido Reni for his art gallery at Monticello and the seventeenth century Bolognese school was admired by painters Benjamin West and John Singleton Copley a widespread appetite for it only took hold in the early to mid twentieth century *Buying Baroque* tells this history through the personalities involved and the culture of collecting in the United States The distinguished contributors to this volume examine the dealers auction houses and commercial galleries that provided access to Baroque paintings as well as the collectors curators and museum directors who acquired and shaped American perceptions about these works including Charles Eliot Norton John W Ringling A Everett Austin Jr and Samuel H Kress These essays explore aesthetic trends and influences to show why Americans developed an increasingly sophisticated taste for Baroque art between the late eighteenth century and the 1920s and they trace the fervent peak of interest during the 1950s and 1960s A wide ranging in depth look at the collecting of seventeenth and eighteenth century Italian paintings in America this volume sheds new light on the cultural conditions that led collectors to value Baroque art and the significant effects of their efforts on America's greatest museums and galleries In addition to the editor contributors include Andrea Bayer Virginia Brilliant Andria Derstine Marco Grassi Ian Kennedy J Patrice Marandel Pablo Perez d Ors Richard E Spear and Eric M Zafran [Caravaggio](#) Lilian H. Zirpolo, 2023-04-05 Michelangelo Merisi da Caravaggio's life was turbulent and short He was only in his late thirties when he died and yet he managed to achieve tremendous artistic success A native of Caravaggio near Milan he was born in 1571 and moved to Rome after training with Simone Peterzano a pupil of Titian In the papal city his talent was recognized by the influential collector and art connoisseur Cardinal Francesco Maria del Monte who promoted his art Within a few years Caravaggio became one of the most sought after painters in Italy and abroad His style was so striking and unique that artists from all over adopted it as their own Caravaggio A Reference Guide to His Life and Works focuses on his life his works and legacy It features a chronology an introduction offers a brief account of his life a cross referenced dictionary section contains entries on his individual paintings public commissions his patrons his followers and the techniques he used in rendering his works [All the Paintings of Caravaggio](#) Michelangelo Merisi da Caravaggio, 1962 Caravaggio abandoned idealized types and the rhetoric of the baroque for individuality in his figures and dramatic situations This is the critical opinion of Costantino Baroni editor of this volume which contains all the paintings of Caravaggio This volume also gives the location of each painting and a selection of criticism from Bellori to Marangoni **Laser Video Guide**, 1997 The complete laser disc catalog movies music and special interest including karaoke and animation *Lives of Caravaggio* Giulio Mancini, Giovanni Baglione, Giovanni Pietro Bellori, 2019-10-29 A new title in the successful *Lives of the Artists* series which offers illuminating and often intimate accounts of iconic artists as viewed by their contemporaries The most notorious Italian painter of his day

Michelangelo Merisi da Caravaggio 1571-1610 forever altered the course of Western painting with his artistic ingenuity and audacity. This volume presents the most important early biographies of his life: an account by his doctor Giulio Mancini; another by one of his artistic rivals, Giovanni Baglione; and a later profile by Giovanni Pietro Bellori that demonstrates how Caravaggio's impact was felt in seventeenth-century Italy. Together, these accounts have provided almost everything that is known of this enigmatic figure. *Caravaggio & His World* Michelangelo Merisi da Caravaggio, 2003. This exhibition of works by Caravaggio and his most important followers, the Caravaggisti, demonstrates the artist's extraordinary abilities and influence upon the course of European art. *The Moment of Caravaggio* Michael Fried, 2023-10-17. A major reevaluation of Caravaggio from one of today's leading art historians. This is a groundbreaking examination of one of the most important artists in the Western tradition by one of the leading art historians and critics of the past half century. In his first extended consideration of the Italian Baroque painter Michelangelo Merisi da Caravaggio 1573-1610, Michael Fried offers a transformative account of the artist's revolutionary achievement. Based on the A.W. Mellon Lectures in the Fine Arts delivered at the National Gallery of Art, *The Moment of Caravaggio* displays Fried's unique combination of interpretive brilliance, historical seriousness, and theoretical sophistication, providing sustained and unexpected readings of a wide range of major works from the early *Boy Bitten by a Lizard* to the late *Martyrdom of Saint Ursula*. The result is an electrifying new perspective on a crucial episode in the history of European painting. Focusing on the emergence of the full-blown gallery picture in Rome during the last decade of the sixteenth century and the first decades of the seventeenth, Fried draws forth an expansive argument that leads to a radically revisionist account of Caravaggio's relation to the self-portrait, of the role of extreme violence in his art as epitomized by scenes of decapitation, and of the deep structure of his epoch-defining realism. Fried also gives considerable attention to the art of Caravaggio's great rival, Annibale Carracci, as well as to the work of Caravaggio's followers, including Orazio and Artemisia Gentileschi, Bartolomeo Manfredi, and Valentin de Boulogne. Please note: All images in this ebook are presented in black and white and have been reduced in size. **Caravaggio and his Italian followers** Michelangelo Merisi da Caravaggio, 1998. *Caravaggio* John Varriano, 2010-11-01. In *Caravaggio*, Varriano uncovers the principles and practices that guided Caravaggio's brush as he made some of the most controversial paintings in the history of art. He sheds an important new light on these disputes by tracing the autobiographical threads in Caravaggio's paintings, framing these within the context of contemporary Italian culture. **Artibus Et Historiae**, 1995.
