Catastrophic Failure Blindfolding America In The Face Of Jihad:

Catastrophic Failure Stephen Coughlin, 2015 Drawn heavily from Coughlin's outlawed governmental briefings this book provides an assessment of Islamic law and doctrine which he feels form the basis of hostile threat strategies directed against America and the West the challenges they present and the ideologically induced breakdown of fact based decision making

Jihadist Psychopath Jamie Glazov, 2018-12-18 Every element of the formula by which the psychopath subjugates his victim the Islamic Supremacist likewise uses to ensnare and subjugate non Muslims And in the same way that the victim of the psychopath is complicit in his own destruction Western civilization is now embracing and enabling its own conquest and consumption

Politically Incorrect Guide to Jihad William Kilpatrick, 2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

Jihadist Insurgent Movements Paul B. Rich, Richard Burchill, 2017-09-01 This path breaking collection of papers examines the phenomenon of jihadist insurgent movements in the Middle East and North East and West Africa It argues that military and strategic analysts have paid insufficient attention to the phenomenon of jihadism in insurgent movements partly due to a failure to take the role of religion sufficiently seriously in the ideological mobilisation of recruits by guerrilla movements stretching back to the era of national liberation after World War Two Several essays in the collection examine Al Qaeda and ISIL as military as well as political movements while others assess Boko Haram in West Africa Al Shabaab in Somalia and jihadist movements in Libya Additionally some authors discuss the recruitment of foreign fighters and the longer term terrorist threat posed by the existence of jihadist movements to security and ethnic relations in Europe Overall this volume fills an important niche between studies that look at Islamic fundamentalism and global jihad at the international level and micro studies that look at movements locally It poses the question whether jihadist insurgencies are serious revolutionary threats to global political stability or whether like Soviet Russia after its initial revolutionary phase of the 1920s they can be ultimately contained by the global political order The volume sees these movements as continuing to evolve dynamically over the next few years suggesting that even if ISIL is defeated the movement that brought it into being will still exist and very probably morph into new movements

Jihadist Insurgent Movements was originally published as a special issue of *Small Wars Insurgencies*

It IS About Islam Glenn Beck, 2015-08-18 Drawing from the Koran the hadith and leaders of fundamentalist groups identifies the core beliefs that inspire Islamic extremism while debunking commonly held notions about the religion

Obama's True Legacy Jamie Glazov, 2023-05-15 The Biden administration may go down in history as the most disastrous presidency in American history It did not however spring up out of nothing The Biden era's America Last economically and socially destructive policies virtually all originated in the Obama administration The Biden team of course is made up of numerous Obama holdovers and there is widespread suspicion that the man who is really pulling the strings for Biden is none other than Barack Obama himself Barack Obama's True Legacy details just how bad the Obama years really were for

America and Americans and shows how the country is now suffering from a resurgence of these sinister policies after the four year respite of the Trump administration The book is a collection of new original non published essays written by an organized group of prominent conservative intellectuals on how Obama transformed America documenting the suppressed details of how the ex president was and still is a major national security threat to America Barack Obama s True Legacy is a one volume guide to how the Democrat Party went so drastically wrong and why it is such a dangerous and catastrophic force in the White House and the country at large today It all goes back to one man Barack Hussein Obama The Multifront War Kenneth Abramowitz,2025-06-15 America is fighting a major international war says the author Yet the country does not really know it Moreover the war is being waged on a multitude of distinct fronts both internal and external The United States is wholly unprepared to fight a unified battle Threat analyst Kenneth Abramowitz carefully takes us through the first step recognition He then ushers readers into the bold realm of mounting a multifaceted defense that will save America as a Democracy with the capacity to continually improve and thrive Fourth edition for the Trump era *Can "The Whole World" Be Wrong?* Richard Landes,2022-11-22 A Winner of the Association for the Study of the Middle East and Africa 2023 Bernard Lewis Prize Landes a medievalist and historian of apocalyptic movements takes us through the first years of the third millennium 2000 2003 documenting how a radical inability of Westerners to understand the medieval mentality that drove Global Jihad prompted a series of disastrous misinterpretations and misguided reactions that have shaped our so far unhappy century These misinterpretations in 2000 2001 2002 and 2005 contributed fundamentally to the ever worsening moral and empirical disorientations of our information elites journalists academics pundits So while journalists reported Palestinian war propaganda as news lethal journalism they were also reporting Jihadi war propaganda as news own goal war journalism These radical disorientations have created our current dilemma of pervasive information distrust deep splits within the voting public in most democracies the politicization of science and the inability of Western elites to defend their civilization and instead to stand down before an invasion THE SIXTH SEAL II Cliff Kelly,2024-01-30 Today we are witnessing the historically powerful American Order experiencing perhaps its greatest peril as it struggles against the tidal wave of new challenges from Covid 19 the rapid rise of Christian Nationalism large scale Apostasy and an increasingly divided nation streaming toward increased violence and possibly even Civil War Dr Kelly takes on these growing trends by examining Scripture by Scripture the Sixth Chapter of the Book of Revelation as a Template to help explain the reasons for the current Crisis and where America is likely headed if we do not effectively and biblically confront it He argues that these events constitute the many Birth Pangs leading up to the stunning Return of Jesus Christ to rescue His true Church and judge the nations But before that Day Christians in America and around the world must prepare to move through those first tumultuous Seals as God sifts and separates the true follower of Christ from the impostors This is a riveting ride and the reader is urged to have a Bible and a notepad close by as we explore what Dr Kelly termed in the first edition of this
