Capital Punishment Joseph A. Melusky, 2024-10-17 This authoritative, balanced, and accessible reference resource provides readers with a wide-ranging survey of capital punishment in America, including its history, its legal and cultural foundations, and racial and economic factors in its application. This carefully crafted primer on the history and present state of capital punishment in the United States examines cultural, political, and legal factors and developments, as well as key figures, groups, and movements, by consolidating a wide variety of material into a single, convenient source. Utilizing a rich and varied array of scholarship and primary sources, this work examines historical, political, cultural, and legal factors and developments that have shaped the contours of capital punishment throughout American history. It examines key figures and organizations who have played pivotal roles in debates over the death penalty, provides readers with illuminating coverage of laws, cases, and the people involved, discusses the experiences of death row inmates, and explores questions and controversies revolving around the socioeconomic factors that influence the use of capital punishment.

[The Death Penalty](#) Joseph A. Melusky, Keith A. Pesto, 2017-06-22 This book addresses the myriad controversies and examines the evidence regarding capital punishment in America. It answers questions regarding topics like the efficacy of capital punishment in deterring violent crime, the risks of mistakes, legal issues related to capital punishment, and the monetary costs of keeping inmates on death row. Does the possibility of being put to death deter crime? Do the methods of execution matter? Is it possible for a state-ordered execution to be botched? Are innocent people ever sent to death row? Are there racial biases or other prejudices associated with the death penalty? This book examines the history of capital punishment in the United States, describes the significant issues, events, and cases, and addresses the controversies and legal issues surrounding capital punishment, making this important topic accessible to a wide range of readers. The book presents both sides of the argument on whether capital punishment should continue or be abolished, looking at the evidence regarding whether it is necessary for carrying out justice and deterring violent crime, or whether the practice is inhumane, ineffective, biased in its application, and costly. Readers will gain insights into how capital punishment should be used, if at all, whether effective safeguards are in place to ensure that only the guilty receive the death penalty, what crimes deserve this sentence, whether juveniles or individuals with diminished mental capacity should ever be sentenced to death, potentially viable alternatives to the death penalty, and the hidden costs involved in our capital punishment system that make it so expensive. The book also contains primary documents relevant to capital punishment, such as excerpts from documents like the U.S. Constitution, the Hittite case laws, and the Code of Hammurabi, as well as descriptions of and excerpts from key cases.

decided by the U S Supreme Court *A Guide to the Sources of United States Military History* Robin Higham, Donald J. Mrozek, 1998 The Euthanasia/Assisted-Suicide Debate Demetra M. Pappas, 2012-09-20 This revealing volume explores recent historical perspectives on the modern euthanasia and assisted suicide debate and the political arenas in which it has unfolded Emotional public responses to widely publicized right to die and euthanasia cases such as those revolving around Dr Jack Kevorkian and Terri Schiavo highlight their volatile mix of medical ethical religious legal and public policy issues The Euthanasia Assisted Suicide Debate explores how this debate has evolved over the past 100 years as judicial approaches legislative responses and prosecutorial practices have shifted as a result of changes in medical technology and consumer sophistication Emphasizing the period from the 1950s forward the book offers an unbiased examination of the origins of the modern medical euthanasia and assisted suicide debates the involvement of physicians the history and significance of medical technology and practice and the role of patients and their families in the ongoing controversy This illuminating exploration of concepts issues and players will help readers understand both sides of the debate as viewed by participants

History Buff's Guide to the Presidents Thomas R. Flagel, 2012-08 Did you know that Warren G Harding played poker in the White House at least once a week Or that Richard Nixon was a Quaker The History Buff's Guide to the Presidents takes a peek behind the scenes revealing everything you ever wanted to know about the families personal habits and social lives of the most powerful job in the world Author Thomas R Flagel's unique perspective on the presidents makes this an essential book for the merely curious and hardcore history buffs alike From George Washington to Barack Obama Flagel's top ten lists compile the most religious presidents the biggest scandals and more to present a comprehensive history of the American presidents Do You Think You Know The Presidents Top Ten Presidential Pastimes Top Ten Most Controversial Elections Top Ten Assassinations and Attempts Top Ten Debt Presidencies Top Ten Most Influential First Ladies Capital Punishment C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone

researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes
