Capricorn Horoscope 2023 Lisa Lazuli,2022-12-16 CAPRICORN HOROSCOPE 2023 with DETAILED YEARLY OVERVIEW and MONTHLY FORECASTS An exciting and extensive astrology read Lots of important advise on LOVE MONEY PERSONAL GROWTH CAREER ADVENTURE MARRIAGE MIND BODY SPIRIT It s very important for you to feel inspired in a very unique way so you need to find a focus that is not your career and that is not your family but it s something very unique to you because that adds a special flavor to your life and it s something that can be very emotionally rewarding and a great way to detach from other things in your life Sometimes research reading or indeed writing because you may do an awful lot of creative writing is a wonderful form of escapism and almost a chance to live vicariously through an intellectual mission So this year you ll have a great deal of powerful energy available to you but to use it wisely you need to understand that you have that energy If you have a weapon but you don t know you have it you can t use it So I want to make Capricorn know that you have a great weapon in terms of the mental energy and clarity you have and it s just a matter of conserving that energy and then focusing it in a positive way and you could achieve great feats My phrase for love relationships this year is never say never sometimes you may be forced to take an option or seek a solution that you never would have considered before so this is often a year of firsts but in the long run this won t be a bad thing at all so don t be afraid to change your mind and take a radical shift in approach
