achieving in particular the method of carrying out audits There is however a need to improve the understanding of the ISO 9000 Family of Standards and to this end appendix C contains the first five pages of that book Auditing can be costly and timeconsuming and for it to be effective it needs to give tangible benefits This book will enable organizations and other interested parties to judge if their auditing activities are effective and beneficial It enables them to examine their approach to audits and compare them with the techniques used within this book **Manual Training Magazine** Charles Alpheus Bennett, William Thomas Bawden, 1925 *Shortage of Sugar* United States.
