Catastrophe And Meaning The Holocaust And The Twentieth Century:

Catastrophe and Meaning Moishe Postone, Eric L. Santner, 2003-11-15 How should we understand the relation of the Holocaust to the broader historical processes of the century just ended How do we explain the bearing of the Holocaust on problems of representation memory memorialization and historical practice These are some of the questions explored by an esteemed group of scholars in *Catastrophe and Meaning* the most significant multiauthored book on the Holocaust in over a decade This collection features essays that consider the role of anti-Semitism in the recounting of the Holocaust the place of the catastrophe in the narrative of twentieth century history the questions of agency and victimhood that the Holocaust inspires the afterlife of trauma in literature written about the tragedy and the gaps in remembrance and comprehension that normal historical works fail to notice Contributors Omer Bartov Dan Diner Debora Dwork Saul Friedlander Geoffrey Hartman Dominick LaCapra Paul Mendes-Flohr Anson Rabinbach Frank Trommler Shulamit Volkov Froma Zeitlin **The Routledge**

pillar of the Atlantic World economy both Europeans and Africans feared their mass extermination by the other in a race war In the United States says Kay Wright Lewis this ingrained dread nourished a preoccupation with slave rebellions and would later help fuel the Civil War thwart the aims of Reconstruction justify Jim Crow and even inform civil rights movement strategy And yet says Lewis the historiography of slavery is all but silent on extermination as a category of analysis Moreover little of the existing sparse scholarship interrogates the black perspective on extermination *A Curse upon the Nation* addresses both of these issues To explain how this belief in an impending race war shaped eighteenth and nineteenth century

American politics culture and commerce Lewis examines a wide range of texts including letters newspapers pamphlets travel accounts slave narratives government documents and abolitionist tracts She foregrounds her readings in the long record of exterminatory warfare in Europe and its colonies placing lopsided reprisals against African slave revolts or even rumors of revolts in a continuum with past brutal incursions against the Irish Scots Native Americans and other groups out of favor with the empire Lewis also shows how extermination became entwined with ideas about race and freedom from early in the process of enslavement making survival an important form of resistance for African peoples in America For African Americans enslaved and free the potential for one sided violence was always present and deeply traumatic This groundbreaking study reevaluates how extermination shaped black understanding of the Atlantic slave trade and the political social and economic worlds in which it thrived

Futurity Amir Eshel,2024-05-31 When looking at how trauma is represented in literature and the arts we tend to focus on the weight of the past In this book Amir Eshel suggests that this retrospective gaze has trapped us in a search for reason in the madness of the twentieth century s catastrophes at the expense of literature s prospective vision Considering several key literary works Eshel argues in *Futurity* that by grappling with watershed events of modernity these works display a future centric engagement with the past that opens up the present to new political cultural and ethical possibilities what he calls futurity Bringing together postwar German Israeli and Anglo American literature Eshel traces a shared trajectory of futurity in world literature He begins by examining German works of fiction and the debates they spurred over the future character of Germany s public sphere Turning to literary works by Jewish Israeli writers as they revisit Israel s political birth he shows how these stories inspired a powerful reconsideration of Israel s identity Eshel then discusses post 1989 literature from Ian McEwan s *Black Dogs* to J M Coetzee s *Diary of a Bad Year* revealing how these books turn to events like World War II and the Iraq War not simply to make sense of the past but to contemplate the political and intellectual horizon that emerged after 1989 Bringing to light how reflections on the past create tools for the future *Futurity* reminds us of the numerous possibilities literature holds for grappling with the challenges of both today and tomorrow

Imaging the Scenes of War Christof Decker,2022-04-04 In American visual culture the 1930s and 1940s were a key transitional period shaped by the era of modernism and the global confrontation of World War II Christof Decker demonstrates that the war and its iconography of destruction challenged visual artists to find new ways of representing its consequences Dealing with trauma and war crimes led to the emergence of complex aesthetic forms and media crossovers Decker shows that the 1940s were a pivotal period for the creation of horrific yet also innovative representations that boosted American visual modernism and set the stage for debates about the ethics of visual culture in the post 9 11 era

Stephan Feuchtwang,2011-04-01 Two of the most destructive moments of state violence in the twentieth century occurred in Europe between 1933 and 1945 and in China between 1959 and 1961 the Great Leap famine This is the first book to bring the two histories together in order to examine their differences and to understand if there are any similar processes of transmission at work The author expertly ties in the Taiwanese civil war between Nationalists and Communists which

included the White Terror from 1947 to 1987 a less well known but equally revealing part of twentieth century history Personal and family stories are told often in the individual s own words and then compared with the public accounts of the same events as found in official histories commemorations school textbooks and other forms of public memory The author presents innovative and constructive criticisms of social memory theories in order to make sense both of what happened and how what happened is transmitted
