*Deciphering the Golden Flower One Secret at a Time* JJ Semple, 2007-12 Semple reveals the techniques behind The Secret of the Golden Flower an extraordinary statement about the inevitability of karma and the obstacles one must overcome in the quest for self realization [A Meditator's Guidebook to The Secret of the Golden Flower](#) JJ Semple, 2018-07-23 The first book to examine and extract the workable teachings from the The Secret of the Golden Flower Forget dogma and belief systems This is DIY meditation method especially for those individuals tempted to brave the solitary path It s only limits are your ability to envision and strive for a new YOU Since the publication of Deciphering the Golden Flower One Secret at a Time ASIN B001A9TN7Q in 2008 DGF readers have asked for an in depth guidebook on using The Secret of the Golden Flower SGF to awaken kundalini in a manner and with results similar to those described in JJ Semple s DGF The Secret of the Golden Flower A Kundalini Meditation Method is that book a much anticipated interpretive guide to the SGF as well as a sequel to his DGF autobiographical kundalini memoir Kundalini is the formative biological life force energy in your body Most people don t realize that kundalini resides within them they are simply unaware of its actuality and its potential Which means of course that it may never re activate either spontaneously or otherwise not unless you learn how to induce a Kundalini awakening through meditation practice Even then the outcome is never certain There s a quantum or karmic aspect to the process Wilhelm Cleary and Jung translated the book and commented on its teachings but not one of them ever practiced the method This book compares their translations and commentaries with JJ Semple s empirical practice of the method using his ultimate success in awakening kundalini as the arbiter of its suitability as a method in essence the author identifies where the written word deviates from actual practice He extracts the workable teachings from the esoteric text of the SGF and shapes them into a practical modern method By cross referencing both the Cleary and the Wilhelm versions the author details each version s contribution to the kundalini awakening process A chapter comparing Golden Flower Meditation GFM to the Microcosmic Orbit MCO is also included Says JJ Semple Did I take every word and every passage in the Wilhelm version literally No more than I take every word or passage in the Bible or in Cleary s translation literally I realized that a successful practice depended on problem solving and detective work that searching for literal meaning was a waste of time Success would be found in doing not in fantasizing In fact the SGF has two objectives One it s a manual for kundalini meditation even though the term kundalini never appears in the text Put aside what you may have been told or read about the SGF and accept this as fact one borne out by centuries of realized practitioners who practiced the method a fact vetted by contemporaries such as Gopi Krishna Two it s an explanation of ontology which the dictionary defines as the branch of metaphysics dealing with the nature of being Neither objective is readily understood without practicing the method Sure it s possible to approach the text as an academic challenge but the best way to reconcile the two objectives is by practicing the method which if you are patient allows you to grok the ontological elements as you move

forward The two are not separated in the text they re mingled together which as you might imagine makes understanding problematic Says JJ Semple Although the ontological portions obscured the practical aspects to some degree I decided to forge ahead Ultimately once the meditation took its course once the light started to circulate I was catapulted out of the limiting duality of the physical world into the metaphysical actuality of the great One which has nothing above it In short he learned that enlightenment comes with practice      **Deciphering the Golden Flower One Secret at a Time** J. Semple,2007-12-24 Deciphering the Golden Flower One Secret at a Time is an interpretive companion piece to The Secret of the Golden Flower For the first time ever a book dares to reveal the secrets of the world s most influential meditation method a series of techniques originally compiled in the 9th Century masterpiece of Chinese alchemy The Secret of the Golden Flower The author JJ Semple shares his many years of first hand practice with the sacred book s meditation system One by one he reveals the techniques behind the book s secrets providing clear instructions on how to use them Not even Richard Wilhelm the translator or Carl Gustav Jung the famous psychologist who wrote the original commentary to The Secret of the Golden Flower were able to plumb the depths of this method This book is an extraordinary statement about the inevitability of karma and the obstacles one must overcome in the quest for self realization      *Kundalini Musings* JJ Semple,2018-03-15

*The Backward-Flowing Method* JJ Semple,2009-07 For the first time ever a book dares to reveal the secrets of the worlds most influential meditation method a series of techniques originally compiled in the 9th Century masterpiece of Chinese alchemy The Secret of the Golden Flower The author JJ Semple shares his many years of first hand practice with the sacred books meditation system One by one he reveals the techniques behind the books secrets providing clear instructions on how to use them Not even Richard Wilhelm the translator or Carl Gustav Jung the famous psychologist who wrote the original commentary to The Secret of the Golden Flower were able to plumb the depths of this method This book is an extraordinary statement about the inevitability of karma and the obstacles one must overcome in the quest for self realization      *The Biology of Consciousness* JJ Semple,2014-07-03 Kundalini is a biological actuality a primordial energy in every human being that is capable of modifying DNA in a single lifetime It s trans national trans cultural and most important trans denominational All of which speaks to a unified cosmology of life that we are really intertwined in so many ways in spite of the self imposed barriers we erect to separate us from each other and from the super consciousness that permeates all of existence If individuals are to achieve self actualization during a single lifetime Kundalini will be the gating agent for this evolutionary leap Whether it s practicing ancient methods of meditation or newly developed methods Kundalini is the trigger Meditation may provide the shortest path but there are other means of achieving the same results including cases where individuals do absolutely nothing but are still visited by a spontaneous Kundalini awakening The one element all these experiences share across the board is a change in metabolism induced by a process known as sexual sublimation even though in some instances the individuals neither detect nor feel any sexual activity Some way or other the subject s metabolism

produces a distilled form of sexual energy that gets released into the brain activating Kundalini which managed correctly restores health stimulates creative abilities alters negative behavior patterns retards the aging process and expands consciousness Normally human growth proceeds in a linear pattern However disease environmental factors biochemical changes can create genetic mutations ultimately modifying DNA Depending on the type of stimulus these mutations are either beneficial harmful or neutral Kundalini awakenings bring about major beneficial mutations in their subjects which get passed along in DNA code to the next generation The Biology of Consciousness examines the idea for physical scientists the hypothesis that consciousness exists outside the body always has and always will It is the driver of evolution among other things what Gopi Krishna termed the evolutionary impulse
