Chasing Chaos Jessica Alexander, 2013-10-15 Jessica Alexander arrived in Rwanda in the aftermath of the 1994 genocide as an idealistic intern eager to contribute to the work of the international humanitarian aid community But the world that she encountered in the field was dramatically different than anything she could have imagined It was messy chaotic and difficult but she was hooked In this honest and irreverent memoir she introduces readers to the realities of life as an aid worker We watch as she manages a 24 000 person camp in Darfur collects evidence for the Charles Taylor trial in Sierra Leone and contributes to the massive aid effort to clean up a shattered Haiti But we also see the alcohol fueled parties and fleeting romances the burnouts and self doubt and the struggle to do good in places that have long endured suffering Tracing her personal journey from wide eyed and na ve newcomer to hardened cynic and ultimately to hopeful but critical realist Alexander transports readers to some of the most troubled locations around the world and shows us not only the seemingly impossible challenges but also the moments of resilience and recovery

and development experts the book proposes a feminist anti racist and decolonial agenda in challenging oppressive systems and structures within the sector With extensive professional experience as an aid worker herself Gemma Houldey also shares her own struggles with mental health and what she has learned from feminist practices for self and collective care Proposing new ways of addressing wellbeing that are sensitive to the multi faceted personalities and lived experiences of people working on aid and development programmes The Vulnerable Humanitarian is essential reading both for current aid sector employees and for prospective employees and students

This book examines the practices in Western and local spheres of humanitarian intervention and shows how the divide between these spheres helps to perpetuate Western involvement Using the Democratic Republic of the Congo as a case study an object of Western intervention since colonial times this book scrutinizes the contemporary practice of humanitarian intervention from the inside It seeks to expose how humanitarian aid and peacekeeping works what obstacles they encounter and how they manage to retain their legitimacy By examining the relationship between the West and the DR Congo this volume asks why intervention continues to be so central for the relationship between Western and local spheres Why is it normal and self evident The main answer developed here is that the separation of these two spheres allows intervention to enjoy sufficient degrees of legitimacy to be sustained Owing to the contradictions that surface when juxtaposing the Western and Congolese spheres this book highlights how keeping them separate is key to sustaining intervention Bridging the divide between the liberal peace debate in International Relations and anthropologies of humanitarianism this volume thus presents an important contribution to taking both the legitimizing proclamations and local realities of intervention seriously The book will be of much interest to students of statebuilding peacebuilding peacekeeping anthropology research methods and IR in general Care Work and Medical Travel Cecilia Vindrola-Padros, 2021-05-03 This edited volume explores the
