Contact Us A Jake Corby Sci Fi Thriller:

Contact Us Al Macy, 2015-04-02 On May 22 2018 every person on Earth sneezes Simultaneously Hours later an alien spacecraft appears over New York City and broadcasts a dire message of impending doom The future of the human race will depend on the whims of a solitary extraterrestrial who appears in the form of Walter Cronkite Yes that s right Walter Cronkite the deceased news anchor The alien has some nasty surprises for the residents of Earth and the race is on to figure out his true motives and the meaning of the sneeze event before it s too late In Contact Us Al Macy pulls us into an outlandish tale featuring original characters who face a challenge so unusual it could have only come from another planet In a future world not so different from our own humanity experiences a string of bizarre events a worldwide unanimous sneeze pain and a massive die off at the hand of a sanctimonious alien being Those who survived the die off must work together to follow strange instructions and deal with the consequences of the alien s whims all while facing their own personal losses and physical challenges Through the eyes of Jake Charli Marie and Alex we see four unique perspectives of the new world and how they each function within it I truly enjoyed the story from every perspective As the challenges mount and the danger increases the characters react in different and believable ways Even the alien has a distinct personality adding additional flavor to the already engaging tale Macy has masterfully weaved together the characters and plot into a satisfying adventure you won t want to put down Allison Maruska Author of *The Fourth Descendent* *The Universe Next Door* Al Macy, 2016-07-11 Jake Corby saved the world Now he s being asked to save the universe Corby is recovering from his last mission enjoying life with his new family when he s sucked into a parallel universe with nothing but his clothes his dog and his eighty three year old grandmother in law On this version of Earth the dinosaurs didn t go extinct and the world is ruled by a spacefaring civilization of dinobirds If Jake wants to return home he ll need to not only survive but locate the rulers of Earth so they can send him back Worse Corby learns that a universe collision is imminent Unless he can adapt to his new reality and work with the dinobirds to ward off that danger his universe as well as countless others will cease to exist *The Universe Next Door* is a standalone book and may be understood without reading any of the other books in the series However for maximum enjoyment consider reading Contact Us first *The Antiterrorist* Al Macy, 2015-09-15 Satellites are disappearing one by one Not exploding not dropping out of the sky just disappearing When the Hubble Space Telescope vanishes Jake Corby is dispatched to figure out who or what is responsible He s used to solving problems for the FBI but hunting down missing satellites That s a new one The mysterious force next cripples the International Space Station and destroys the only spacecraft that could rescue the astronauts The race is on to avert the final death blow to the ISS and execute a risky plan to get the astronauts back home Before it s too late Corby must struggle to track down and thwart the terrorists yet stay true to the promise he made to his wife I won t do anything heroic In the heat of the moment he finds that it s no easy matter to achieve both goals Especially when the future of the United States space program is at risk This short

prequel to Contact Us is filled with the quirky surprises and humor that Al Macy's readers have come to expect The Antiterrorist is a standalone book with no cliffhanger or to be continued at the end It may be read before or after other books in the series
