Contemporary Archaeology In Theory A Reader Social Archaeology:

Contemporary Archaeology in Theory Robert W. Preucel, Stephen A. Mrozowski, 2010-05-10 The second edition of Contemporary Archaeology in Theory The New Pragmatism has been thoroughly updated and revised and features top scholars who redefine the theoretical and political agendas of the field and challenge the usual distinctions between time space processes and people Defines the relevance of archaeology and the social sciences more generally to the modern world Challenges the traditional boundaries between prehistoric and historical archaeologies Discusses how archaeology articulates such contemporary topics and issues as landscape and natures agency meaning and practice sexuality embodiment and personhood race class and ethnicity materiality memory and historical silence colonialism nationalism and empire heritage patrimony and social justice media museums and publics Examines the influence of American pragmatism on archaeology Offers 32 new chapters by leading archaeologists and cultural anthropologists *Contemporary Archaeology in Theory* Robert W. Preucel, Ian Hodder, 1996-12-31 This reader presents an easily accessible collection of seminal articles in contemporary Anglo American archaeological theory for use in introductory undergraduate classes as well as graduate level seminars If focuses upon the period from 1980 to the present emphasizing the far reaching effects of recent internal and external critiques of processual archaeology The central purpose of the reader is to assist students in thinking about the interrelationships between theory and practice for different theoretical approaches Companion to Social Archaeology Lynn Meskell, Robert W. Preucel, 2008-04-15 The Companion to Social Archaeology is the first scholarly work to explore the encounter of social theory and archaeology over the past two decades Grouped into four sections Knowledges Identities Places and Politics each of which is prefaced with a review essay that contextualizes the history and developments in social archaeology and related fields Draws together newer trends that are challenging established ways of understanding the past Includes contributions by leading scholars who instigated major theoretical trends **Contemporary Archaeology in Theory** Robert W. Preucel, Ian Hodder, 1996 **Contemporary Archaeology in Theory** Robert W. Preucel, Stephen A. Mrozowski, 2011-10-04 The second edition of Contemporary Archaeology in Theory The New Pragmatism has been thoroughly updated and revised and features top scholars who redefine the theoretical and political agendas of the field and challenge the usual distinctions between time space processes and people Defines the relevance of archaeology and the social sciences more generally to the modern world Challenges the traditional boundaries between prehistoric and historical archaeologies Discusses how archaeology articulates such contemporary topics and issues as landscape and natures agency meaning and practice sexuality embodiment and personhood race class and ethnicity materiality memory and historical silence colonialism nationalism and empire heritage patrimony and social justice media museums and publics Examines the influence of American pragmatism on archaeology Offers 32 new chapters by leading archaeologists and cultural anthropologists **Biblical Bethsaida** Carl E. Savage, 2011-02-18 In his illuminating well researched book examining the

site of Et Tell also known as Bethsaida Carl E Savage explores archaeological evidence to offer readers a portrait of the religious beliefs and practices of the community living near the north shore of the Sea of Galilee during the first century CE In the study of the cultural and social matrix of the first century in the Galilee scholars have commonly prioritized written sources over archaeological evidence because written sources seem to contribute more directly to an understanding of the religious beliefs and practices of a community However there exist many competing views of the landscape during that time due to the varying interpretations of the textual sources Using archaeological data from Bethsaida itself Savage investigates the material practices of Bethsaida s ancient inhabitants describing these practices as significant indicators of their sense of place both ideologically and geographically He evaluates the historical plausibility of various social reconstructions for the region and finds that the image that emerges of first century Bethsaida is one similar to those of other Jewish communities in the Galilee

Horizons of Phenomenology Jeff Yoshimi, Philip Walsh, Patrick Londen, 2023-04-11 This is an open access book which explores phenomenology as both an exceptionally diverse movement in philosophy as well as an active research method that crosses disciplinary boundaries The volume brings together lively overviews of major areas and schools of phenomenology as well as the most recent applications across a range of fields The first part reviews the state of the art in various areas of contemporary phenomenology including several distinct schools of Husserl and Heidegger scholarship as well as approaches derived from Merleau Ponty de Beauvoir Fanon and others An innovative quantitative analysis of citation networks provides rich visualizations of the field as a whole The second part showcases phenomenology as a living discipline that can advance research in other areas While some areas of interaction between phenomenology and other disciplines are by now well established e g cognitive science this volume sheds light on newer areas of application The goal is to move beyond discussions of philosophical method and highlight scholars who are actually doing phenomenology in a variety of areas including Embodiment and questions of gender race and identity The arts visual art literature architecture and Archaeology and anthropology This volume offers a concise introduction to cutting edge phenomenological research and is suitable for both students and specialists

Sacred Landscapes of Imperial China Giulio

Magli, 2020-06-15 This book analyses the magnificent imperial necropolises of ancient China from the perspective of Archaeoastronomy a science which takes into account the landscape in which ancient monuments are placed focusing especially but not exclusively on the celestial aspects The power of the Chinese emperors was based on the so called Mandate of Heaven the rulers were believed to act as intermediaries between the sky gods and the Earth and consequently the architecture of their tombs starting from the world famous mausoleum of the first emperor was closely linked to the celestial cycles and to the cosmos This relationship however also had to take into account various other factors and doctrines first the Zhao Mu doctrine in the Han period and later the various forms of Feng Shui As a result over the centuries diverse sacred landscapes were constructed Among the sites analysed in the book are the pyramids of Xi an from the Han dynasty the mountain tombs of the Tang dynasty and the Ming and Qing imperial tombs The book explains how considerations such as astronomical orientation and topographical orientation according to the principles of Feng Shui played a fundamental role at these sites
