The Best-Kept Teaching Secret Harvey Daniels, Elaine Daniels, 2013-10-11 Your fast track to student engagement Everywhere Smokey Daniels goes every school he visits every workshop he leads every keynote he gives there's one teaching strategy that teachers embrace above all others That single method for transforming students from passive spectators into active learners for evoking curiosity inspiring critical thinking and building powerful writers along the way Now with Elaine Daniels as Smokey's coauthor that best kept teaching secret is revealed to teachers at large Written Conversations Just what make Written Conversations so potent An ongoing thoughtful correspondence between students and between students and their teachers Written Conversations above all else catch and ride the wave of social interaction which in turn makes school matter to kids It's that simple Structure by structure from beginning to end Smokey and Elaine describe four variations of these silent writing to learn discussions during which all students in a classroom think and talk at once in writing instead of one at a time out loud

How Written Conversations Work It all starts with mini memos short student letters that teachers use to introduce extend and assess class work Then come dialogue journals where pairs dive deeply into academic subjects Next groups of three or four students join in extended written discussions called write arounds Finally kids take their thinking online where they enjoy digital discussions with partners from their own classroom and with kids from around the world all the while you are supported by detailed descriptions of each structure lessons and annotated student samples making this the most practical teaching book in recent memory What kid wouldn't want to refine written argument skills clarify a point or defend another's viewpoint when the audience is people who matter And Yes Written Conversations align with the Common Core Standards for writing reading language and speaking and listening taking students well beyond the standards themselves

Adolescent Literacy in the Academic Disciplines Tamara L. Jetton, Cynthia Shanahan, 2012-01-25 From leading authorities in both adolescent literacy and content area teaching this book addresses the particular challenges of literacy learning in each of the major academic disciplines Chapters focus on how to help students successfully engage with texts and ideas in English literature science math history and arts classrooms The book shows that while general strategies for reading informational texts are essential they are not enough students also need to learn processing strategies that are quite specific to each subject and its typical tasks or problems Vignettes from exemplary classrooms illustrate research based ways to build content area knowledge while targeting essential reading and writing skills

Enriching Your Math Curriculum Lainie Schuster, 2010 Presents practices and routines designed to support and nourish teachers as they prepare and present a meaningful year of mathematics instruction for fifth grade mathematicians Offers activities lessons and narration that can be easily adapted or adjusted to fit the particular needs of the students or the requirements of a prescribed curriculum

Power Tools for Adolescent Literacy Jan Rozzelle, Carol Searce, 2009-04-01 Winner Association of Educational Publishers 2009 Distinguished Achievement Award Finalist Association of Educational Publishers 2009 Golden Lamp Award Are there students in your classroom who have hit the reading wall Studies indicate comprehension regresses in many students once they reach middle school Teachers need the right resources in their classrooms for engaging students in reading This book is a veritable encyclopedia of literacy strategies secondary teachers can apply to all content areas immediately It integrates key strategies research from top literacy experts and proven intervention practices Benefits Gain access to the most relevant research on literacy and its application in the classroom Employ powerful tools to aid reflection and the implementation of new strategies Discover over 50 strategies for engaging adolescent learners empowering strategic learning building comprehension developing vocabulary and writing to learn Access over two dozen reproducibles for teachers and students
