Death In The Long Grass:

Death in the Long Grass Peter Hathaway Capstick, 1978-01-15 As thrilling as any novel as taut and exciting as any adventure story Peter Hathaway Capstick's *Death in the Long Grass* takes us deep into the heart of darkness to view Africa through the eyes of one of the most renowned professional hunters Few men can say they have known Africa as Capstick has known it leading safaris through lion country tracking man eating leopards along tangled jungle paths running for cover as fear maddened elephants stampede in all directions And of the few who have known this dangerous way of life fewer still can recount their adventures with the flair of this former professional hunter turned writer Based on Capstick's own experiences and the personal accounts of his colleagues *Death in the Long Grass* portrays the great killers of the African bush not only the lion leopard and elephant but the primitive rhino and the crocodile waiting for its unsuspecting prey the titanic hippo and the Cape buffalo charging like an express train out of control Capstick was a born raconteur whose colorful descriptions and eye for exciting authentic detail bring us face to face with some of the most ferocious killers in the world underrated killers like the surprisingly brave and cunning hyena silent killers such as the lightning fast black mamba snake collective killers like the wild dog Readers can lean back in a chair sip a tall iced drink and revel in the kinds of hunting stories Hemingway and Ruark used to hear in hotel bars from Nairobi to Johannesburg as veteran hunters would tell of what they heard beyond the campfire and saw through the sights of an express rifle *Death in the Long Grass* Peter H. Capstick, 1993 *Death in the*

Long Grass Peter Hathaway Capstick, 1977 **Police-Related Deaths in the United States** David Baker, 2021-05-25 To understand police related deaths in the US we need to understand the structures and systems that enable police to operate in the way they do Giving voice to a previously unheard group in society this book articulates the experiences of the families of those who died after police contact David Baker considers the disproportionate number of deaths in marginalized communities for example people of color people who are mentally unwell and LGBTQ people Each chapter begins with a short case study drawn from this qualitative research to humanize the story of the person who died and put the key issues into context By examining these deaths and the investigatory processes that follow Baker argues that an increasingly aggressive police mindset allied with relatively toothless regulatory frameworks effectively lead to police being enabled by the criminal justice system to use lethal force with relative impunity Baker combines his qualitative research with the wide base of existing literature on police use of force in the US and maintains that the effects of these deaths go beyond merely policing and criminal justice but are corroding the core fabric of American society [Sands of Silence](#) Peter Hathaway Capstick, 2025-09-23 From renowned hunting writer Peter Hathaway Capstick comes the most lavishly illustrated historically important safari ever captured in print Capstick journeyed on safari through Namibia in the African spring of 1989 This was a nation on the eve of independence a land scorched by sun by years of bitter war In these perilous circumstances he commences what is surely the most thrilling safari of his storied career He takes the reader to the stark landscape that

makes up the Bushmen's tribal territories. There, facing all kinds of risks, members of the chase pursue their quarry in a land of legend and myth. In this first-person adventure, Capstick spins riveting tales from his travels and reports on the Bushmen's culture, their political persecution, and the Stone Age life of Africa's original hunter-gatherers. In addition, the author explains the economic benefits of the sportsman's presence and how ethical hunting is a tool for game protection and management on the continent. Featuring one hundred striking color images from leading African wildlife photographer Dr. M. Philip Kahl, *Sands of Silence: On Safari in Namibia* superbly illustrates Capstick's return to the veld and perfectly captures life and death in the land of thirst.

The African Adventurers Peter Hathaway Capstick, 2025-10-16 Hailed as the adventure writing successor to Hemingway and Ruark, only Peter Hathaway Capstick can write action as cleanly and suspensefully as the best of his predecessors. *Sports Illustrated* calls this long-awaited sequel to *Death in the Silent Places* brings to life four turns of the century adventurers and the savage frontiers they braved. Frederick Selous, a British hunter, naturalist, and soldier, rewrote the history books with his fearless treks deep into Africa. English game ranger Constantine Iodine Ionides saved Tanganyikan villages from man-eating lions and leopards. He also gained lasting fame for his uncanny ability to capture black mambas, cobras, Gaboon vipers, and other deadly snakes. The dashing Brit Johnny Boyes, who gained the chieftainship of the Kikuyu tribe with sheer bravado and survived the ferocious battles and ambushes of intertribal warfare. And Scottish ex-boxer Jim Sutherland, one of the best ivory hunters who ever lived. His tracking skills and stamina afoot became the stuff of African hunting legend. In *The African Adventurers: A Return to the Silent Places*, Capstick delivers the kind of chilling stories that Hemingway only heard second-hand, with a flair and style that Papa himself would admire. Guns and Ammo. The author's pungent wit and his authenticity, gained from years in the bush, make this quartet of vintage heroics an unforgettable return to the silent places.

The Helldivers' Rodeo Humberto Fontova, 2003-01-15 The Helldivers frequently dive past 200 feet into the murky salt wash of the Gulf of Mexico through the sea-life-covered steel beams of a giant oil platform. Members of different scuba fishing clubs get together annually to compete.

Warrior Peter Hathaway Capstick, 2025-08-22 Peter Hathaway Capstick died in 1996. At the time of his death, the world-renowned adventure writer was putting the finishing touches on this stirring and vivid biography of Colonel Richard Meinertzhagen, a man with whom he felt he had much in common. Edited and prepared for publication by his widow, Fiona Capstick, *Warrior* is Capstick's riveting farewell to his fans and the final addition to the bestselling Peter Capstick Library. Colonel Richard Meinertzhagen was one of those rare men whom fate always seems to cast in the dramas that shape history. As a young officer, he served in India and Africa during the glory days of the British Empire, defending the crown's dominions and exploring its darkest reaches. His exploits in the bloody colonial wars of turn-of-the-century East Africa earned him a reputation as one of the most fierce and ruthless soldiers in the Empire, yet it was during those years spent roaming the silent places of the Serengeti, hunting its game and learning its secrets, that Meinertzhagen developed a fascination with Africa that would last a lifetime. But there were other adventures to

come and Capstick narrates them all with his trademark skill and wit daring commando raids against German forces in Africa and the Mideast during World War I covert missions to the USSR and Nazi Germany between the wars work as an OSS agent during World War II and Meinertzhagen's ceaseless support of Israeli nationhood are all woven together into an epic adventure Warrior The Legend of Colonel Richard Meinertzhagen is a powerful chronicle that follows the tracks of a twentieth century icon
