Seven Last Words Timothy Radcliffe, 2005-03-04 The Seven Words from the Cross are the focus of Christian meditation through the ages Set to music by Haydn they epitomise the depth of Jesus's human experience and thus speak most profoundly to the human condition Each meditation is illustrated with a picture of Christ on the Cross Many are old masters some more modern The object is to lead the reader deeply into prayer and contemplation But there is nothing fusty about Radcliffe's text Whatever he writes is a breath of fresh air and these meditations are modern and contemporary in their reference There are also many autobiographical touches which make these meditations more personal This is perfect Lent reading by a spiritual master and one of the few Christian prophets in our time

Future Tense Jonathan Sacks, 2012-08-07 We are in danger says Rabbi Sacks of forgetting what Judaism's place is within the global project of humankind The Jewish people exist for a reason and it is not for themselves alone They must recommit themselves to their foundational purpose to the task of creating a just world in which the divine presence can dwell among us all Without compromising one iota of Jewish faith Rabbi Sacks declares Jews must stand alongside their friends Christian Muslim Hindu Sikh Buddhist and secular humanist in defense of freedom against those who desecrate life And they should do this not to win friends or the admiration of others but because it is what a people of God is supposed to do Rabbi Sacks's powerful message of tikkum olam using Judaism as a blueprint for repairing an imperfect world will resonate with people of all faiths

The Power of Ideas Jonathan Sacks, 2021-10-11 Britain's most authentically prophetic voice Daily Telegraph The choice with which humankind is faced is between the idea of power and the power of ideas From his appointment as Chief Rabbi in 1991 through to his death in November 2020 Rabbi Lord Jonathan Sacks made an incalculable contribution not just to the religious life of the Jewish community but to the national conversation and increasingly to the global community on issues of ethics and morality Commemorating the first anniversary of his death this volume brings together a compelling selection of Jonathan Sacks BBC Radio Thought for the Day broadcasts Credo columns from The Times and a range of articles published in the world's most respected newspapers along with his House of Lords speeches and keynote lectures First heard and read in many different contexts these pieces demonstrate with striking coherence the developing power of Sacks ideas on faith and philosophy alike In each instance he brings to bear deep insights into the immediate situation at the time and yet it as if we hear him speaking

to us afresh giving us new strength to face the challenges and complexities of today's world. These words of faith and wisdom shine as a beacon of enduring light in an increasingly conflicted cultural climate and prove the timeless nature and continued relevance of Jonathan Sacks' thought and teachings. One of the great moral thinkers of our time, Robert D. Putnam, author of *Bowling Alone*, writes: "Soloveitchik's *Children* Daniel Ross Goodman, 2023-07-18. A close study of three of Soloveitchik's most influential disciples in Jewish thought and philosophy." *Working with the Bereaved* Simon Shimshon Rubin, Ruth Malkinson, Eliezer Witztum, 2012. *Working With the Bereaved* summarizes the major themes in bereavement research and clinical work and uses the authors' own cutting edge research to show mental health practitioners how to integrate these themes into their practice. It provides clinicians with a framework for exploring their own emotional and intellectual assumptions about loss and bereavement and it goes on to summarize state of the art thinking in the field. The heart of the book focuses on the theoretical and clinical implications of the empirically validated Two Track Model of Bereavement as well as a variety of therapeutic techniques designed to help the bereaved both reapproach life and manage their continuing bonds with the deceased. The later chapters examine methods for integrating systems and family perspectives in therapy for attending to the implications of culture and religion and for meeting crises and emergencies in bereavement care. The concluding chapter addresses self care, well being and resilience offering practical guidelines for both the bereaved and those who treat them.
