Chekhov Scenes From A Life:

Chekhov Rosamund Bartlett, 2004 Rosamund Bartlett is steeped in Chekhov's writings having worked as a translator and in the culture and history of 19th century Russia. She has written not simply another biography of Chekhov but brought new understanding to the writings and character of Chekhov set amidst the landscape of Russia. This is a book of enormous detail about the places Chekhov visited and lived in which is vital for a good understanding of the character of this unusual and complex man. Examining these locations also informs and widens interpretation of the short stories. The author examines with careful precision Chekhov's genius and shows that he is not simply the gloomy writer of popular myth but one with profound humanity and humour.

Chekhov's Letters Carol Apollonio, Radislav Lapushin, 2018-10-15 Of the thirty volumes in the authoritative Academy edition of Chekhov's collected works, fully twelve are devoted to the writer's letters. This is the first book in English or Russian addressing this substantial though until now neglected epistolary corpus. The majority of the essays gathered here represent new contributions by the world's major Chekhov scholars written especially for this volume or classics of Russian criticism appearing in English for the first time. The introduction addresses the role of letters in Chekhov's life and characterizes the writer's key epistolary concerns. After a series of essays addressing publication history, translation and problems of censorship, scholars analyze the letters' generic qualities that draw upon variously prose, poetry and drama. Individual thematic studies focus on the letters as documents reflecting biographical, cultural and philosophical issues. The book culminates in a collection of short, at times lyrical essays by eminent scholars and writers addressing a particularly memorable Chekhov letter. Chekhov's Letters appeals to scholars, writers and theater professionals as well as to a general audience.

Between Religion and Rationality Joseph Frank, 2010-07-01 Essays from the award-winning Dostoevsky biographer. In this book, acclaimed Dostoevsky biographer Joseph Frank explores some of the most important aspects of nineteenth and twentieth century Russian culture, literature and history. Delving into the distinctions of the Russian novel as well as the conflicts between the religious peasant world and the educated Russian elite, *Between Religion and Rationality* displays the cogent reflections of one of the most distinguished and versatile critics in the field. Frank's essays provide a discriminating look at four of Dostoevsky's most famous novels, discuss the debate between J. M.
