Church Safety And Security Church Safety And Security:

Church Safety and Security Robert M. Cirtin, 2005 The church has always been regarded as a safe haven a spiritual sanctuary where people can come to worship God free from worries about violence or unethical behavior by those involved in church ministry But our culture is changing and church leaders can no longer assume that it won't happen in my church Like the rest of society churches need to ensure the safety and security of their facility staff and worshipers This book provides a wealth of practical information on preparing for and responding to the challenges of a dangerous world Robert Cirtin draws on more than two decades of law enforcement and investigative experience and with his team of professionals outlines a how to approach full of specific proactive steps churches can take to protect themselves and reduce the risk of costly lawsuits Church Safety And Security is a must have resource for anyone participating in or preparing for church leadership Topics covered include Utilizing background screening to protect your congregation Safety and security issues for church run preschool and day care programs Preparing for and responding to medical emergencies How to deal with issues pertaining to child abuse Legally mandated responsibilities of church staff members How to utilize security surveillance cameras in the church facility Organizing a church security officer program Effectively coping with intruders Responding to violent acts when they occur How to conduct a thorough investigation If you are a pastor associate pastor preschool director church school principal deacon elder vestryperson or denominational leader read this book then read it again Make it required reading for every leader in your church Protect your congregation your property and your reputation in the community by doing all you can do to hire the right employees to prevent physical and sexual misconduct for which your church may be liable and to reduce the legal and financial impacts of such misconduct This book will teach you what to look for and how to take action today to protect the people God has given you to shepherd Tim Duncan Associate Pastor Anglican Church of the Resurrection St Louis Missouri Church Safety and Security A Practical Guide is a valuable resource Bob Cirtin has the unusual but important background mixture of service in full time church ministry as well as being a certified officer of the law and an expert investigator He has personal experience with every source of danger for the local church and has developed effective safeguards and defenses His strategies are clear simple easy to implement and will protect any congregation in the event of an unfortunate occurrence This book is a must for every church office and library Terry Raburn Superintendent Peninsular Florida District Council Assemblies of God This is a book written for our changing times when the security of our churches must become a priority Written by professionals who have a strong Christian influence in their lives this book is a great tool for the security program of your church Jack L Merritt Sheriff Greene County Missouri Retired Capt Missouri State Highway Patrol Robert M Cirtin is an assistant professor and director of the criminal justice program at Evangel University in Springfield Missouri He is also the president of Robert Cirtin Investigations a company providing investigative and consulting services to churches businesses and government agencies A former police officer and Missouri

state investigator who has also served in full time ministry Cirtin is a frequent guest lecturer on a variety of safety and security topics He is a graduate of Central Bible College and Lincoln University *Defending the Flock: a Security Guide for Church Safety Directors* Kris Moloney, 2017-12-12 This Church Safety and Security Ministry Guide is intended to help Safety Directors of small to medium size churches with training their volunteer teams This guide was developed by painstakingly researching nationally recognized publications and by consulting with experts in church security crime prevention emergency medical response fire safety pastoral protection security and a number of other fields of study It contains chapters on everything from Active Shooter Neutralization to Protecting Children from Sexual Abuse **What They Don't Tell You about Church Safety** Bryan Donihue, 2014-05-06 On December 10 2007 there was a horrific mass murder at a Colorado based youth missions training center and the church that funded that center On that fateful Sunday morning at Youth With a Mission and New Life Church a man with a grudge set out to kill as many people as possible In total he succeeded in killing four people and wounding several His rampage was only stopped by a volunteer at New Life Church who happened to be on the church's security team Because she was armed that security person was able to defend the church and stop a mass murderer If she and her companions weren't there the body count would likely have been higher in this 10 000 member mega church There are many books about church security available Those books contain great information about crimes in the church and making the church more secure With everything from parking lot lighting to safe selection and groundskeeping to internal cameras those books are designed to teach churches how to do corporate security All of them include emergency planning and all of them treat the church as any other business when it comes to security This is NOT one of those books Instead Bryan looks at church safety from a different perspective as a ministry of the church Bryan started the Safety Team Ministry at Frontline Community Church in Grand Rapids Michigan from scratch With only some published materials available and a background in corporate security and police work Bryan created the typical church security team with typical struggles and issues After much heartache and even more prayer Bryan believed that church security was the wrong direction Bryan realized that the missing ingredient was MINISTRY and the culture of the corporate security practices and standards played a major role in the shortfall This book is about the struggle and process of creating a church safety ministry Instead of being rehashing corporate security concepts this book focuses on what others don't tell you Topics include hiring for personality working with the church board working with other ministries and having the right tools and mindset to be a ministry The final chapter is a step by step guide to starting a church safety ministry in your own church This book also includes links to valuable resources including documentation for a church safety team other websites for information and other recommended books This book is written for anyone who is interested in starting a safety ministry at their church anyone who currently leads a safety ministry and church staff and pastors who are interested in what church safety should be all about This book is designed to open up a conversation about modern day church safety and hopefully

offer some insights to the process The Case for Church Safety and Security James McGarvey, 2020-12-11 Have you ever wondered if there is a Biblical reason to have a church security or safety ministry Do you have a hard time convincing your church leadership that it is a crucial ministry in our day and age Are you a pastor that has a hard time believing a security ministry is critical Look no further Written by one of the Church Safety Guys The Case for Church Safety and Security is a book that dives into the Biblical foundation for a modern ministry in your church With Biblical references this book takes a look at the following topics Old Testament References on Protecting and Caring for Your Church Members New Testament References on Being Prepared Picking Your Battles Being Prepared and Ready and Discipleship and Growth This book takes a solid look at some of the regular mental blocks and hesitation that many church leaders find themselves in before starting a safety or security team It offers Biblical guidance on the ministry and the importance of every church having one It also gives both church leadership and ministry leaders the opportunity to learn how to disciple their team and be successful with a healthy functional ministry For other great resources for your church safety and security team visit Churchsafetyguys.com
