Causes Consequences War Classic Reprint:

The War C. C. S. Farrar, 2018-03-10 Excerpt from *The War Its Causes and Consequences* The age is revolutionary The present is an epoch in the world's history of transition a sort of moral exodus of the nations which has lasted now some three centuries and no stability in governments anywhere much less here can be looked for until the passage from the old regime to the new has been completed To a close observer the social ebullition in this country has long been of a threatening character From the birth of our government its elements have been in an uneasy state and the bosom of society has more than once been agitated by the throes of coming convulsions The time has arrived for these inevitable disturbances so long concealed to manifest their dangerous activity An open rupture is at last reached and however it may be allayed temporarily will be again and again renewed until the foundations of society are broken up or the principles which now lie at its base are extruded or so modified by the introduction of others that their excesses will be entirely counteracted About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Causes and Consequences of the War (Classic Reprint) Yves Guyot, 2018-02-07 Excerpt from *The Causes and Consequences of the War* Neither passion nor revenge but foresight must inspire the treaty to come I have hoped to contribute something towards it by trying to eliminate worn out dynastic traditions old diplomatic formulae for so long accepted as international currency the untruths and half truths of historical law vague ideas about races and nationalities inexact and deceptive catchwords and to replace them by the solid conception after the manner of Bentham of a utilitarian policy About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Faith of a Quaker (Classic Reprint) John William Graham, 2017-02-06 Excerpt from *The Faith of a Quaker* There arise also the insistent questions which beset all mystics and which in Quakerism demanded a corporate instead of an individual answer Was the light infallible Was the claim to it an assumption of spiritual exaltation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art

technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Causes and Consequences of the War of 1914 Howard Pitcher Okie,1914

Punishment, Justice and International Relations Anthony F. Lang Jr.,2009-10-16 This volume argues that a wide range of policies in the international system today economic sanctions military intervention and counter terrorism policy are part of a punitive ethos that has arisen since the end of the Cold War *Hinduism and the Ethics of Warfare in South Asia* Kaushik Roy,2012-10-15 This book challenges the view common among Western scholars that precolonial India lacked a tradition of military philosophy It traces the evolution of theories of warfare in India from the dawn of civilization focusing on the debate between Dharmayuddha Just War and Kutayuddha Unjust War within Hindu philosophy This debate centers around four questions What is war What justifies it How should it be waged And what are its potential repercussions This body of literature provides evidence of the historical evolution of strategic thought in the Indian subcontinent that has heretofore been neglected by modern historians Further it provides a counterpoint to scholarship in political science that engages solely with Western theories in its analysis of independent India s philosophy of warfare Ultimately a better understanding of the legacy of ancient India s strategic theorizing will enable more accurate analysis of modern India s military and nuclear policies

Causes and Consequences of the War of 1914 (Classic Reprint) Howard Pitcher Okie,2015-07-09 Excerpt from Causes and Consequences of the War of 1914 As this book goes to the press Belgium the importance of whose existence as a factor in the maintenance of European peace can not be overestimated is in the possession of Germany If this occupation is continued it means that forty miles instead of three hundred and forty miles will separate Germany from England and that the little island will while that condition continues be in danger of being over run by the invading forces of her Teuton neighbor England is not adapted to the permanent maintenance of a large body of regular troops Such a burden would impose an impossible drain upon her industrial life She has regarded distance from her most powerful continental rival as one of two indispensable attributes of safety her fleet was the other No treaty with Belgium or France had to be invoked to spur Britain on to war when the littoral of the English Channel was menaced by German occupation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

International Law in Antiquity David J. Bederman,2001-03-05 This study of the origins of international law combines

techniques of intellectual history and historiography to investigate the earliest developments of the law of nations The book examines the sources processes and doctrines of international legal obligation in antiquity to re evaluate the critical attributes of international law David J Bederman focuses on three essential areas in which law influenced ancient state relations diplomacy treaty making and warfare in a detailed analysis of international relations in the Near East 2800 700 BCE the Greek city states 500 338 BCE and Rome 358 168 BCE Containing topical literature and archaeological evidence this 2001 study does not merely catalogue instances of recognition by ancient states of these seminal features of international law it accounts for recurrent patterns of thinking and practice This comprehensive analysis of international law and state relations in ancient times provides a fascinating study for lawyers and academics ancient historians and classicists alike

Classics of International Relations John A. Vasquez, 1986 Innovative in its mixture of classic and contemporary readings by our greatest thinkers and scholars this highly reputable and popular book provides one of the best single analyses and introductions to the most enduring questions of international relations Now updated with many selections from the 1990s the collection examines 1 the relationship between morality and politics 2 whether international relations can be a science 3 the nature of foreign policy and global conflict and 4 how to create lasting peace with a special focus on how to build and maintain peace in the post cold war era Links the thought of the past with the research of the present including choice work from Western civilization and the best articles of the discipline published in the last 60 years Contains classic readings from the 1980s and 1990s reflecting the major intellectual currents having a profound effect on the field with new articles on conflict resolution the new world order feminist approaches the third debate and post modernism and democracy and peace For professionals in the international relations field recommended for Fulbright teachers and USIS cultural centers and libraries **Elzevir Classics** ,1884
