Strategies & Insights for Church Growth Dr. Brian Cochran,2012-02-03 The Strategies Insights for Church Growth will help pastors to build a discipleship system as well as how to keep them This anointed book has been compiled to change the mindset of how church growth is not about numbers but about transformed lives and making them disciples *The Future Shapes of Anglicanism* Martyn Percy,2017-01-06 To many people the Church of England and worldwide Anglican Communion has the

aura of an institution that is dislocated and adrift Buffeted by tempestuous and stormy debates on sexuality gender authority and power to say nothing of priorities in mission and ministry and the leadership and management of the church a once confident Anglicanism appears to be anxious and vulnerable The Future Shape of Anglicanism offers a constructive and critical engagement with the currents and contours that have brought the church to this point It assesses and evaluates the forces now shaping the church and challenges them culturally critically and theologically The Future Shape of Anglicanism engages with the church of the present that is simultaneously dissenting and loyal as well as critical and constructive For all who are engaged in ecclesiological investigations and for those who study the Church of England and the wider Anglican Communion this book offers new maps and charts for the present and future It is an essential companion and guide to some of the movements and forces that are currently shaping the church **Protocol of the Palace** Sis Donnalakshmi

General Assembly,1920 **Reasonable Radical?** Ian S. Markham,Joshua Daniel,2018-01-16 One of the most interesting

voices in the Academy and the Church today is Martyn Percy. Percy, the Dean of Christ Church Oxford and a leading voice in the Anglican Communion, is both theologically orthodox yet deeply unconventional. While remaining engaged in the scholarly community, Percy writes with clarity and passion on topics that range from ecclesiology to music, from sexuality to the Trinity, from advertising to ministerial training; he is a polymath. This book is two books in one. The first half contains a series of articles written both by church leaders and academics that serve as substantial critical introductions to Percy's thought. In the second half, the reader gets to hear from Percy himself in a collection of wide-ranging material from his corpus. While producing a dialectical engagement of some depth, as Percy offers written responses to his interlocutors, this volume should prove useful for a variety of communities beyond academic circles, especially ones engaged with contemporary issues facing ecclesiology, churches, and the wider Anglican Communion.
